CAUTION REGARDING FORWARD-LOOKING STATEMENTS

From time to time, we make written or oral forward-looking statements within the meaning of certain securities laws, including the “safe harbour” provisions of the *United States Private Securities Litigation Reform Act* of 1995 and any applicable Canadian securities legislation. We may make forward-looking statements in this 2024 Annual Information Form and in the documents incorporated by reference herein, in other filings with Canadian regulators or the United States (U.S.) Securities and Exchange Commission (SEC), in reports to shareholders, and in other communications. In addition, our representatives may communicate forward-looking statements orally to analysts, investors, the media and others. Forward-looking statements in this document and in the documents incorporated by reference herein include, but are not limited to, statements relating to our financial performance objectives, priorities, vision and strategic goals, the economic, market, and regulatory review and outlook for Canadian, U.S., United Kingdom (U.K.), European and global economies, the regulatory environment in which we operate, the expected impacts of the HSBC Bank Canada (HSBC Canada) transaction, including transaction and integration costs, the Strategic priorities and Outlook sections for each of our business segments as discussed in our 2024 Annual Report for the fiscal year ended October 31, 2024 (2024 Annual Report), the risk environment including our credit risk, market risk, liquidity and funding risk as set out in our 2024 Management’s Discussion and Analysis for the fiscal year ended October 31, 2024 (2024 Management’s Discussion and Analysis) as well as the effectiveness of our risk monitoring, our climate- and sustainability-related beliefs, targets and goals and related legal and regulatory developments as set out in our 2024 Management’s Discussion and Analysis, and include statements made by our President and Chief Executive Officer and other members of management. The forward-looking statements contained in this 2024 Annual Information Form and in the documents incorporated by reference represent the views of management and are presented for the purpose of assisting the holders of our securities and financial analysts in understanding our financial position and results of operations as at and for the periods ended on the dates presented, as well as our financial performance objectives, vision, strategic goals and priorities and anticipated financial performance, and may not be appropriate for other purposes. Forward-looking statements are typically identified by words such as “believe”, “expect”, “suggest”, “seek”, “foresee”, “forecast”, “schedule”, “anticipate”, “intend”, “estimate”, “goal”, “commit”, “target”, “objective”, “plan”, “outlook”, “timeline” and “project” and similar expressions of future or conditional verbs such as “will”, “may”, “might”, “should”, “could”, “can” or “would” or negative or grammatical variations thereof.

By their very nature, forward-looking statements require us to make assumptions and are subject to inherent risks and uncertainties, both general and specific in nature, which give rise to the possibility that our predictions, forecasts, projections, expectations or conclusions will not prove to be accurate, that our assumptions may not be correct, that our financial performance, environmental & social or other objectives, vision and strategic goals will not be achieved, and that our actual results may differ materially from such predictions, forecasts, projections, expectations or conclusions.

We caution readers not to place undue reliance on our forward-looking statements as a number of risk factors could cause our actual results to differ materially from the expectations expressed in such forward-looking statements. These factors – many of which are beyond our control and the effects of which can be difficult to predict – include, but are not limited to: credit, market, liquidity and funding, insurance, operational, compliance (which could lead to us being subject to various legal and regulatory proceedings, the potential outcome of which could include regulatory restrictions, penalties and fines), strategic, reputation, legal and regulatory environment, competitive and systemic risks and other risks discussed in the risk sections of our 2024 Annual Report, including business and economic conditions in the geographic regions in which we operate, Canadian housing and household indebtedness, information technology, cyber and third-party risks, geopolitical uncertainty, environmental and social risk, digital disruption and innovation, privacy and data related risks, regulatory changes, culture and conduct risks, the effects of changes in government fiscal, monetary and other policies, tax risk and transparency, and our ability to anticipate and successfully manage risks arising from all of the foregoing factors. We caution that the foregoing list of risk factors is not exhaustive and other factors could also adversely affect our results. When relying on our forward-looking statements to make decisions with respect to us, investors and others should carefully consider the foregoing factors and other uncertainties and potential events, as well as the inherent uncertainty of forward-looking statements. Material economic assumptions underlying the forward-looking statements contained in this 2024 Annual Information Form are set out in the Economic, market and regulatory review and outlook section and for each business segment under the Strategic priorities and Outlook headings, as such sections may be updated by subsequent quarterly reports. Assumptions about costs related to post-close consolidation and integration activities were considered in the estimation of transaction and integration costs. Any forward-looking statements contained in this document represent the views of management only as of the date hereof, and except as required by law, we do not undertake to

update any forward-looking statement, whether written or oral, that may be made from time to time by us or on our behalf. GENERAL DEVELOPMENT OF THE BUSINESS

Three Year History

Our business strategies and actions are guided by our vision, “To be among the world’s most trusted and successful financial institutions.” Our three strategic goals are:

- In Canada, to be the undisputed leader in financial services;
- In the U.S., to be the preferred partner to institutional, corporate, commercial and high net worth clients and their businesses; and
- In select global financial centres, to be a leading financial services partner valued for our expertise.

In 2022, the Canadian economy showed growth supported by recovery from the COVID-19 pandemic in the travel and hospitality sectors and increased activity in the oil and gas and mining sectors. RBC reported net income of \$15.8 billion, down 2% from 2021. These results reflected lower results in Capital Markets and Insurance, partially offset by higher earnings in Personal & Commercial Banking, Wealth Management and Investor & Treasury Services, as well as lower releases of provisions on performing loans.

In 2023, GDP growth slowed across most advanced economies as headwinds from higher interest rates continued to have a lagged impact. Canadian output in early calendar 2023 was supported by strength in consumer spending and an unexpectedly strong rebound in housing market activity in the spring. The U.S. economy remained resilient with strong consumer spending despite rising interest rates, and employment continued to increase. Bond yields increased substantially as markets demanded higher term premiums and expected central banks to hold policy interest rates higher for longer.

Effective the first quarter of 2023, we simplified our reporting structure by eliminating the Investor & Treasury Services segment and moving our Investor Services business to our Wealth Management segment and our Treasury Services and Transaction Banking businesses to our Capital Markets segment. Effective the fourth quarter of 2023, we moved the Investor Services lending business from our Wealth Management segment to our Capital Markets segment.

¹ When we say “we”, “us”, “our”, or “RBC”, we mean Royal Bank of Canada and its subsidiaries, as applicable. References to “the Bank” mean Royal Bank of Canada without its subsidiaries.

In 2023, RBC reported net income of \$14.6 billion², down 8% from the prior year, reflecting lower earnings in Wealth Management, Personal & Commercial Banking and Insurance, which were partially offset by higher results in Capital Markets, and the impact of the Canada recovery dividend and other tax related adjustments in 2023. 2023 also reflected higher provisions on credit losses.

During 2024, RBC made several key executive changes and appointments:

- Maria Douvas (formerly Chief Legal Officer) became Chief Legal & Administrative Officer
- Katherine Gibson (formerly Senior Vice President, Enterprise Finance & Controller) became Chief Financial Officer
- Doug Guzman (formerly Group Head, RBC Wealth Management and Insurance) became Deputy Chair, RBC
- Neil McLaughlin (formerly Group Head, P&CB) became Group Head, RBC Wealth Management
- Erica Nielsen (formerly Executive Vice President, Personal Financing Products) became Group Head, RBC Personal Banking
- Sean Amato-Gauci (formerly Executive Vice President, Business Financial Services) became Group Head, RBC Commercial Banking
- Jennifer Publicover (formerly CEO of RBC Insurance) became Group Head, RBC Insurance

In addition to the executive appointments, effective the fourth quarter of 2024, the Personal & Commercial Banking segment became two standalone business segments: Personal Banking and Commercial Banking. With this change, RBC Direct Investing moved to the Wealth Management segment.

In 2024, central banks began reducing interest rates from elevated levels as inflation slowed. In Canada, while GDP continued to increase, in aggregate, it has declined on a per-capita basis for six consecutive quarters as of the third calendar quarter of 2024. Unemployment rates remained low across most advanced economies but have increased more substantially in Canada. The U.S. economy remained resilient in calendar 2024 with strong GDP growth, robust consumer spending despite high interest rates and a low unemployment rate. In Europe, unemployment rates remained very low across countries in the Euro area, but GDP growth is slow. In the U.K., GDP growth strengthened over the first half of calendar 2024 but is expected to grow at a slower pace in the second half of the year. Government bond yields have increased after declining into the summer of 2024 as markets await the extent to which central banks will be able to cut interest rates in the year ahead and equity markets have increased to record highs.

RBC reported net income of \$16.2 billion in 2024, up 11% from last year, reflecting growth across each of our business segments. 2024 results also reflect the inclusion of HSBC Canada results, which increased net income by \$453 million, and include higher provisions on impaired loans, largely in Commercial Banking and Personal Banking.

We continue to monitor and prepare for regulatory developments and changes in a manner that seeks to ensure compliance with new requirements, while mitigating adverse business or financial impacts. Such impacts could result from new or amended laws or regulations and the expectations of those who enforce them. A high level summary of the key regulatory changes that have the potential to increase or decrease our costs and the complexity of our operations is included in the Legal and regulatory environment risk section of our 2024 Annual Report. For a discussion on risk factors resulting from these and other developments which may affect our business and financial results, refer to the risk sections of our 2024 Annual Report. For further details on our framework and activities to manage risks, refer to the risk and Capital management sections of our 2024 Annual Report.

Our acquisitions and dispositions that have influenced the general development of our business over the past three years are summarized in the following table:

² This amount has been restated from the amount previously presented as part of the adoption of IFRS 17, effective November 1, 2023. For further details on the impacts of the adoption of IFRS 17 including the description of accounting policies selected, refer to Note 2 of our 2024 Annual Consolidated Financial Statements.

Competition

Personal Banking competes with other Schedule 1 banks, independent trust companies, foreign banks, credit unions, caisses populaires and auto financing companies, as well as emerging entrants to the financial services industry, in Canada; other banks, emerging digital banks, trust companies and investment management companies serving retail and corporate clients, as well as public institutions, in the Caribbean; and other Canadian banking institutions that have U.S. operations, in the U.S.

Commercial Banking competes with other Schedule 1 banks, foreign banks, credit unions, auto financing companies, as well as emerging entrants to the financial services industry, in Canada.

Our Canadian Wealth Management business competes with domestic banks and trust companies, investment counselling firms, bank-owned full-service brokerages and boutique brokerages, mutual fund companies and global private banks. In Canada, bank-owned wealth managers continue to be the major players for the HNW/UHNW segment. Our U.S. Wealth Management business (including City National Bank (CNB)) operates in a fragmented and highly competitive industry and competitors include other broker-dealers, commercial banks and other financial institutions that service high net worth and ultra-high net worth individuals, entrepreneurs and their businesses. Our Global Asset Management business faces competition in Canada from banks, insurance companies and asset management organizations; in the U.S. from independent asset management firms, as well as those that are part of national and international banks and insurance companies; and internationally from asset managers that are owned by international banks, as well as national and regional asset managers in the geographies where we serve clients. Competitors to our International Wealth Management business include global wealth managers, traditional private banks and domestic wealth managers. Competitors to our Investor Services business include domestic and international custodians with Canadian entities and operations.

In our Canadian Insurance business, many of our competitors specialize in either life and health, wealth or in property and casualty products. In our International Insurance business we compete in the global reinsurance market which is competitive as there are many participants. Market share is largely held by a small number of reinsurers, with RBC Insurance® continuing to selectively pursue niche opportunities.

Our Capital Markets business is a market leader in Canada with a strategic presence in all lines of capital markets businesses. In North America, competitors include large global investment banks. Outside North America, we have a targeted strategic presence in the U.K. & Europe, Australia, Asia and other markets aligned with our global expertise and compete with global and regional investment banks.

Additional information about our competition can be found under “Business segment results” beginning on page 32 of our 2024 Management’s Discussion and Analysis, which section is incorporated by reference herein.

Government Regulation and Supervision – Canada

The Bank is a “Schedule I” bank under the *Bank Act* (Canada) (*Bank Act*), and, as such, is a federally regulated financial institution. It has Canadian insurance and trust and loan company subsidiaries that are also federally regulated financial institutions (FRFI Subsidiaries and, together with the Bank, FRFIs) governed by (respectively) the *Insurance Companies Act* (Canada) (*Insurance Companies Act*) and the *Trust and Loan Companies Act* (Canada) (*Trust and Loan Companies Act*). The activities of the FRFI Subsidiaries are also regulated under provincial and territorial laws in respect of their activities in the provinces and territories. In certain provinces, some of the Bank’s capital markets and wealth management activities are regulated under provincial securities laws (which are administered and enforced by securities regulatory authorities).

The Office of the Superintendent of Financial Institutions (OSFI), an independent agency of the Government of Canada, is responsible for administering the *Bank Act*, *Trust and Loan Companies Act* and *Insurance Companies Act* and reports to the Minister of Finance (the Minister) for the supervision of the FRFIs. OSFI is required, at least once a year, to examine the affairs and business of each FRFI for the purpose of determining whether the FRFI is complying with the provisions of its governing statute and it is in sound financial condition, and report to the Minister. The FRFIs are also required to make periodic filings and reports to OSFI.

The FRFIs are also subject to regulation under the *Financial Consumer Agency of Canada Act (FCAC Act)*.³ The Financial Consumer Agency of Canada (Agency), among other things, enforces consumer-related provisions of the federal statutes which govern these financial institutions. The Commissioner of the Agency must report to the Minister on all matters connected with the administration of the *FCAC Act* and consumer provisions of other federal statutes, including the *Bank Act*, *Trust and Loan Companies Act* and *Insurance Companies Act*. The FRFIs are also subject to provincial and territorial laws of general application.

The Bank and the following subsidiaries are member institutions of the Canada Deposit Insurance Corporation (CDIC): Royal Trust Corporation of Canada, The Royal Trust Company, Royal Bank Mortgage Corporation and RBC Investor Services Trust. CDIC insures certain deposits held at its member institutions. Under the *Bank Act*, the Bank is prohibited from engaging in or carrying on any business other than the business of banking, except as permitted under that statute. The business of banking includes providing any financial services; acting as a financial agent; providing investment counselling services and portfolio management services; issuing payment, credit or charge cards; and operating payment, credit or charge card plans.

The Bank has broad powers to invest in securities of other corporations and entities but is limited in making “substantial investments” in or in controlling certain types of entities. A “substantial investment” will arise through direct or indirect beneficial ownership of voting shares carrying more than 10 per cent of the voting rights attached to all outstanding voting shares of a corporation, shares representing more than 25 per cent of the shareholders’ equity in a corporation or interests representing more than 25 per cent of the ownership interests in any unincorporated entity. The Bank can make controlling, and in certain circumstances, non-controlling substantial investments in certain entities in accordance with the investment provisions under the *Bank Act*. Some substantial investments may be made only with the prior approval of the Minister or the Superintendent of Financial Institutions (the Superintendent).

Each FRFI is also required to maintain, in relation to its operations, adequate capital and liquidity, and OSFI may direct financial institutions to increase capital and/or to provide additional liquidity.

The *Proceeds of Crime (Money Laundering) and Terrorist Financing Act* (the PCMLTA) is applicable to all of our businesses in Canada. The PCMLTA implements specific measures designed to detect and deter money laundering and the financing of terrorist activities. Further, the PCMLTA sets out obligations related to deterring and detecting money laundering and terrorist financing from a global perspective, in order to minimize the possibility that RBC could become a party to these activities. RBC has enterprise-wide anti-money laundering policies and procedures which assist in reducing the risk of facilitating money laundering and terrorist financing activities.

Bail-in Regime

Canada has a bank recapitalization regime (the Bail-in Regime) for domestic systemically important banks, including the Bank. Under the *Canada Deposit Insurance Corporation Act*, in circumstances where the Bank has ceased, or is about to cease, to be viable, the Governor in Council may, upon recommendation of the Minister that they are of the opinion that it is in the public interest to do so, by order:

- vest in CDIC the shares and subordinated debt of the Bank specified in the order (a vesting order);
- appoint CDIC as receiver in respect of the Bank (a receivership order);
- if a receivership order has been made, direct the Minister to incorporate a federal institution designated in the order as a bridge institution wholly-owned by CDIC and specifying the date and time as of which the Bank’s deposit liabilities are assumed (a bridge bank order); or

³ For the Bank’s trust subsidiaries, only their retail deposit taking activities are subject to regulation under the *FCAC Act*.

- if a vesting order or receivership order has been made, direct CDIC to carry out a conversion, by converting or causing the Bank to convert, in whole or in part – by means of a transaction or series of transactions and in one or more steps – the shares and liabilities of the Bank that are subject to the Bail-in Regime into common shares of the Bank or any of its affiliates (a conversion order).

Upon the making of a conversion order, prescribed shares and liabilities under the Bail-in Regime that are subject to that conversion order will, to the extent converted, be converted into common shares of the Bank or any of its affiliates, as determined by CDIC. Subject to certain exceptions, senior debt issued on or after September 23, 2018, with an initial or amended term to maturity (including explicit or embedded options) greater than 400 days, that is unsecured or partially secured and that has been assigned a CUSIP or ISIN or similar identification number is subject to a bail-in conversion. For a description of Canadian bank resolution powers and the consequent risk factors attaching to certain liabilities of the Bank reference is made to rbc.com/investor-relations/_assets-custom/pdf/bail-in-overview.pdf.

Broker-Dealer/Advisory/Investment Fund Management Subsidiaries

The activities of certain of the Bank's subsidiaries, such as RBC Dominion Securities Inc., RBC Direct Investing Inc., Royal Mutual Funds Inc., RBC Global Asset Management Inc., Phillips, Hager & North Investment Funds Ltd., RBC Phillips, Hager & North Investment Counsel Inc. and RBC InvestEase Inc., which act as securities dealers (including investment dealers, mutual fund dealers and exempt market dealers), advisers (portfolio managers) and/or investment fund managers are regulated in Canada under provincial and territorial securities/commodity futures/derivatives laws (which are administered and enforced by the applicable securities regulatory authorities) and, for investment dealers and mutual fund dealers, by the rules of the Canadian Investment Regulatory Organization (CIRO). The Bank's subsidiaries that are CIRO dealer members are also members of the Canadian Investor Protection Fund, which protects, within specified limits, customers' accounts against certain losses of customer property held by CIRO dealer members that become insolvent.

Insurance

The activities of the Bank's regulated Canadian insurance subsidiaries, RBC Life Insurance Company (RBC Life) and RBC Insurance Company of Canada (RICC), are federally governed by the *Insurance Companies Act* and by provincial legislation in each province and territory in which they carry on business. In addition, the *Bank Act* sets out a framework for insurance activities that the Bank may or may not carry out. The Bank may administer, promote and provide advice in relation to certain authorized types of insurance and may conduct any aspect of the business of insurance, other than the underwriting of insurance, outside of Canada and in respect of risks outside Canada. However, in Canada, the Bank may not act as agent for any person in the placing of insurance. The Bank can promote an insurance company, agent or broker or non-authorized types of insurance (e.g. life and home and automobile insurance) to certain prescribed groups where the promotion takes place outside of physical bank branches. Additionally, and subject to applicable restrictions under the *Bank Act*, RBC Wealth Management Financial Services Inc., a wholly owned indirect subsidiary of the Bank, is licensed under applicable provincial and territorial laws to sell insurance products, including individual and group life and living benefits insurance along with money products such as annuities and segregated funds, for both related and independent insurance companies in Canada.

RBC Life is a member of Assuris, which is a not-for-profit organization that protects Canadian life insurance policyholders against loss of benefits due to the financial failure of a member company. RICC is a member of the Property and Casualty Insurance Compensation Corporation, which is the corporation protecting Canadian property and casualty policyholders against loss of benefits due to the financial failure of a member company.

RBC Insurance Agency Ltd. and RBC Commercial Insurance Agency Inc., wholly owned indirect Bank subsidiaries, are licensed insurance agencies that distribute insurance products underwritten by non-RBC entities. These products include home and auto insurance and commercial insurance that are underwritten by an unaffiliated insurance company.

Banking

In the U.S., the Bank is characterized as a foreign banking organization (FBO). Generally, the operations of an FBO and its U.S. subsidiaries and offices are subject to the same comprehensive regulatory regime that governs the operations of U.S. domestic banking organizations. The Bank's U.S. businesses are subject to supervision and oversight by various U.S. authorities, including federal and state regulators, as well as self-regulatory organizations.

Under the *International Banking Act* of 1978, as amended (IBA) and the *Bank Holding Company Act* of 1956, as amended (BHCA), all of the Bank's U.S. banking operations are subject to supervision and regulation by the Board of Governors of the Federal Reserve System (Federal Reserve). Under the IBA, the BHCA, and related regulations of the Federal Reserve, the Bank generally may not open a branch, agency or representative office in the U.S., nor acquire five per cent or more of the voting stock of any U.S. bank or BHC, without notice to or prior approval of the Federal Reserve. The Federal Reserve is the U.S. "umbrella regulator" responsible for supervision and oversight of the Bank's consolidated U.S. activities. The Federal Reserve consults with and obtains information from other prudential and functional U.S. regulators that exercise supervisory authority over the Bank's various U.S. operations. Reports of financial condition and other information relevant to the Bank's U.S. businesses are regularly filed with the Federal Reserve.

In 2000, the Bank became a U.S. FHC, as authorized by the Federal Reserve. Pursuant to the *Gramm-Leach-Bliley Act* of 1999, as amended, an FHC may engage in, or acquire companies engaged in, a broader range of financial and related activities than are permitted to banking organizations that do not maintain FHC status. To qualify as an FHC, the Bank, as an FBO and BHC, must meet certain capital requirements and must be deemed to be "well managed" for U.S. bank regulatory purposes. In addition, any U.S. depository institution subsidiaries of the FBO or BHC must also meet certain capital requirements and be deemed to be "well managed" and must have at least a "satisfactory" rating under the *Community Reinvestment Act* of 1977, as amended. An FBO must meet several conditions in order to maintain "well managed" status for U.S. bank regulatory purposes: (i) the FBO must have received a composite regulatory rating of "satisfactory" or better for its U.S. branch, agency and commercial lending company operations following its last regulatory examination, (ii) the FBO's home country supervisor must consent to it expanding its activities in the U.S. to include activities permissible for a financial holding company (FHC), (iii) the FBO's management must meet standards comparable to those required for a U.S. bank subsidiary of an FHC and (iv) each U.S. depository institution subsidiary of the FBO and/or bank holding company (BHC) must be deemed to be "well managed", which is based on regulatory examination ratings.

The Federal Reserve, however, has the authority to limit an FHC's ability to conduct activities that would otherwise be permissible if the FHC or any of its U.S. depository institution subsidiaries does not satisfactorily meet certain capital requirements or is not deemed to be "well managed". In such cases, the Federal Reserve may impose corrective capital and/or managerial requirements, as well as additional limitations or conditions. If the deficiencies persist, the FHC may be required to divest its U.S. depository institution subsidiaries or to cease engaging in activities other than the business of banking and certain closely related activities. If any insured depository institution subsidiary of an FHC fails to maintain at least a "satisfactory" rating under the *Community Reinvestment Act* of 1977, as amended, the FHC would be subject to restrictions on certain new activities and acquisitions.

On July 21, 2010, the *Dodd-Frank Wall Street Reform and Consumer Protection Act* (*Dodd-Frank Act*) was enacted. The statute effected significant changes to U.S. financial regulations and required rulemaking by the U.S. financial regulators, with material cross-border implications. Section 165 of the *Dodd-Frank Act* required the Federal Reserve to establish *Enhanced Prudential Standards for Foreign Banking Organizations* (Regulation YY). Amongst other regulatory requirements, Regulation YY required the Bank to establish an intermediate holding company (IHC) organized under U.S. law. The IHC is required to hold, directly or indirectly, the Bank's entire ownership interest in its U.S. insured depository institution subsidiaries and

other U.S. subsidiaries (excluding so called section 2(h)(2) companies and branch subsidiaries acquired by debt previously contracted). The Bank has established a two-tier BHC structure in the U.S., consisting of RBC US Group Holdings LLC (RIHC), its top-tier BHC, as the Bank's IHC and the parent of RBC USA Holdco Corporation, the parent of most of the Bank's U.S. subsidiaries. Both RIHC and RBC USA Holdco Corporation are BHCs and FHCs. The Bank fulfills its Regulation YY regulatory requirements through RIHC, which include capital adequacy, capital planning and stress testing, risk management and governance, liquidity and liquidity stress testing, financial regulatory reporting and other requirements that are similar to, or the same as, those applicable to U.S. domestic BHCs that are similarly categorized under the rules that tailor enhanced prudential standards for FBOs and large U.S. banking organizations. In addition, the Bank is registered as a "Swap Dealer" with the U.S. Commodity Futures Trading Commission (CFTC) and the National Futures Association (NFA) and as a "Security-Based Swap Dealer" with the SEC.

The *USA PATRIOT Act* of 2001, as amended, which amended the *Bank Secrecy Act (BSA)* of 1970, as amended (the Act), requires U.S. banks and certain other financial institutions with U.S. operations to maintain appropriate policies, procedures and controls reasonably designed to comply with the Act, including, as applicable, anti-money laundering compliance programs, suspicious activity and currency transaction reporting and other obligations including due diligence on customers to prevent, detect and report individuals and entities involved in money laundering and the financing of terrorism. In January 2021, the *Anti-Money Laundering Act of 2020 (AMLA)*, which also amended the Act, was enacted. The AMLA was intended to comprehensively reform and modernize U.S. anti-money laundering laws. In September 2022, the U.S. Department of Treasury's Financial Crimes Enforcement Network (FinCEN) issued a final rule implementing the beneficial ownership information (BOI) reporting requirements under the Corporate Transparency Act, which was part of the AMLA. The BOI rule, which went into effect January 1, 2024, implemented sweeping beneficial owner disclosure requirements applicable to U.S. companies and foreign companies doing business in the U.S., subject to certain exceptions. The BOI rule is the first of three related rulemakings. On December 21, 2023, FinCEN issued a final rule regarding authorized access to the BOI system (access rule) which provides the circumstances when the BOI may be disclosed to federal agencies, regulators and financial institutions and how that BOI must be protected. To date, Financial Institutions have not been provided access to BOI information. On August 28, 2024, the Financial Crimes Enforcement Network (FinCEN) issued a final rule that will impose new anti-money laundering and countering terrorism financing (AML/CFT) program requirements on registered investment advisers and exempt reporting advisers (collectively, Covered IAs) by, among other things, including Covered IAs within the definition of "financial institution" under the BSA. The new AML/CFT rule takes effect on January 1, 2026. In addition, FinCEN proposed a Rule to Strengthen and Modernize Financial Institution Programs Designed to Fight Money Laundering and Terrorist Financing. Its purpose is to strengthen and modernize financial institutions' anti-money laundering and countering the financing of terrorism (AML/CFT) programs. A final remaining rulemaking is expected to address required revisions to FinCEN's Customer Due Diligence rule. Several other provisions of the AMLA require additional rulemakings, reports and other measures.

The Bank maintains two branches in New York that are licensed and supervised as full federal branches with fiduciary licenses by the Office of the Comptroller of the Currency (OCC), the U.S. supervisor of national banks. In general, the Bank's branches may exercise the same rights and privileges, and are subject to the same restrictions, as would apply to a U.S. national bank at the same location(s). The Bank's branches may accept wholesale deposits, but may not take U.S. domestic retail deposits outside of an available exemption. Deposits in the Bank's branches are not insured by the Federal Deposit Insurance Corporation (FDIC). The Bank also maintains a limited federal branch in Jersey City, New Jersey which may exercise the same rights and privileges as the Bank's New York federal branches except that it generally can only take deposits from non-U.S. sources.

The OCC examines and supervises the Bank's U.S. branch office/agency's activities and operations. In addition, the Bank's U.S. branches are required to maintain a capital equivalency deposit in their state(s) of residence, which deposits are pledged to the OCC. Furthermore, the Bank's U.S. branch offices are subject to supervisory guidance based on the examiners' assessment of risk management, operational controls, compliance and asset quality.

The Bank also maintains a state-licensed agency in Texas and state-licensed representative offices in California, Delaware and Texas. In general, the activities conducted at the Bank's agency include a broad range of banking powers, including lending and maintaining credit balances, but agencies are limited in their ability to accept deposits from citizens or residents of the U.S. Further limitations may be placed on such agencies' activities based on state laws. The activities conducted at the representative offices are limited to representational and administrative functions; such representative offices do not have authority to make credit decisions and may not solicit (depending on state laws) or contract for any deposit or deposit-like liability. The representative offices are examined and assessed by both the Federal Reserve and state regulators and are required to adhere to any applicable state regulations.

Banking activities are also conducted at CNB and RBC Bank (Georgia), National Association (RBC Bank), both of which are national banking associations chartered by the OCC. CNB and RBC Bank are members of the Federal Reserve. The OCC serves as the primary federal prudential regulator of CNB and RBC Bank. As U.S. banks, CNB and RBC Bank are allowed to take retail deposits, and they offer retail and commercial banking services, including deposit and credit services, such as consumer lending products (including credit card and mortgage loans), and business and commercial loans. CNB and RBC Bank are subject to capital requirements, dividend restrictions, limitations on investments and subsidiaries, limitations on transactions with affiliates (including the Bank and its branches), deposit reserve requirements and other requirements administered by the OCC and the Federal Reserve. Deposits at CNB and RBC Bank are FDIC-insured to the extent applicable. CNB and RBC Bank are also required to comply with applicable consumer protection laws and regulations such as those promulgated by the Consumer Financial Protection Bureau, an independent agency created under the *Dodd-Frank Act*. As an OCC chartered U.S. national bank, CNB also has fiduciary powers and offers trust and investment management services.

CNB also conducts trust and investment management activities through CNB's wholly-owned subsidiary, RBC Trust Company (Delaware) Limited (RBC Trust). RBC Trust is a Delaware trust company chartered and supervised by the Delaware State Bank Commissioner and, as a BHC subsidiary, is subject to oversight by the Federal Reserve. RBC Trust is subject to dividend restrictions, limitations on investments and other applicable state banking law requirements.

Broker-Dealer Activities and Broker-Dealer Subsidiaries

The securities brokerage, trading and investment banking activities are conducted by and through the following U.S.-registered broker-dealer subsidiaries:

- RBC Capital Markets, LLC (RBC CM LLC),
- RBC CMA LTD.,
- City National Securities, Inc., and
- CNR Securities, LLC.

The SEC, state securities regulators, the Financial Industry Regulatory Authority and other self-regulatory organizations regulate these broker-dealer subsidiaries. Certain activities of RBC CM LLC and RBC CMA LTD. are also subject to regulation by the CFTC and the NFA. Pursuant to the *Dodd-Frank Act*, RBC CM LLC is registered as a "Swaps Firm" with the NFA. Certain activities of RBC CM LLC are subject to regulation by the Municipal Securities Rulemaking Board.

Investment Management and Other Fiduciary Activities

The Bank's New York branches have fiduciary powers, under which these branches conduct investment management and custody activities for certain customers. In addition, other affiliates are involved in the business of investment management. In many cases, these activities require that the affiliates be registered with the SEC as investment advisers under the U.S. *Investment Advisers Act of 1940*, as amended (*Advisers Act*). The *Advisers Act* and related rules regulate the registration and activities of investment advisers. Although the regulatory regime for investment advisers is similar in some ways to that for broker-dealers, the standard of conduct is higher due to the advisers' status as fiduciaries.

The following entities are the Bank’s subsidiaries that are registered as “investment advisers” with the SEC:

- RBC CM LLC,
- RBC Global Asset Management (U.S.) Inc. (GAM),
- RBC Global Asset Management (UK) Limited (GAM UK),
- RBC Private Counsel (USA) Inc.,
- City National Rochdale, LLC (CNR), and
- City National Securities, Inc.

GAM and CNR also each sponsor and act as the adviser to U.S. mutual funds. The U.S. *Investment Company Act of 1940*, as amended, and related rules regulate the registration and operation of mutual funds and certain activities of the funds’ advisers and other affiliates and certain of the funds’ other service providers. Certain activities of GAM UK and GAM are also subject to regulation by the CFTC and the NFA.

ERISA and the Internal Revenue Code

The U.S. *Employee Retirement Income Security Act of 1974*, as amended (ERISA), and its related rules regulate, among other things, the activities of the financial services industry with respect to pension plan clients. Similarly, the U.S. *Internal Revenue Code of 1986, as amended*, and the regulations implemented thereunder impose requirements with respect to such clients and also individual retirement accounts (IRAs). Brokers, dealers and investment advisers to pension plans and IRAs must conduct their business in compliance with both ERISA and applicable tax regulations.

DESCRIPTION OF CAPITAL STRUCTURE

General Description

The Bank’s authorized share capital consists of an unlimited number of common shares without nominal or par value; an unlimited number of first preferred shares without nominal or par value, provided that the first preferred shares outstanding at any time shall have been issued for a maximum aggregate consideration of \$30 billion; and an unlimited number of second preferred shares, without nominal or par value, which may be issued for a maximum aggregation consideration of \$5 billion.

The Bank may also issue an unlimited amount of Limited Resource Capital Notes (LRCNs), which are compound instruments with both equity and liability features. The following summary of share capital and

LRCNs is qualified in its entirety by the Bank's by-laws and the actual terms and conditions of such shares and LRCNs.

Common Shares

The holders of the Bank's common shares are entitled to vote at all meetings of shareholders, except meetings at which only holders of a specified class, other than common shares, or series of shares are entitled to vote. The holders of common shares are entitled to receive dividends as and when declared by the board of directors, subject to the preference of the preferred shares. After payment to the holders of the preferred shares of the amount or amounts to which they may be entitled, and after payment of all outstanding debts, the holders of the common shares will be entitled to receive any remaining property upon liquidation, dissolution or winding-up.

Preferred Shares

First preferred shares may be issued, from time to time, in one or more series with such rights, privileges, restrictions and conditions as the board of directors may determine, subject to the *Bank Act* and to the Bank's by-laws. The first preferred shares are entitled to preference over any second preferred shares (discussed below) and common shares and over any other shares ranking junior to the first preferred shares with respect to the payment of dividends and in the distribution of property in the event of liquidation, dissolution or winding-up.

As at December 3, 2024, Non-Cumulative First Preferred Shares Series BD, BF, BH, BI, BO, BQ, BR, BS, BT, BU, BV, BW and BX are outstanding. The Non-Cumulative First Preferred Shares Series BD, BF, BH, BI and BO are listed on the Toronto Stock Exchange. The Non-Cumulative First Preferred Shares Series BQ, BR, BS, BT, BU, BV, BW and BX are not listed on an exchange. On November 7, 2023, we redeemed all of our issued and outstanding Non-Cumulative First Preferred Shares Series C-2 (the Series C-2 Preferred Shares). The Bank's Depositary Shares representing interests in the Series C-2 Preferred Shares were listed on the New York Stock Exchange. On May 24, 2024, we redeemed all of our issued and outstanding Non-Cumulative First Preferred Shares Series AZ. On August 24, 2024, we redeemed all of our issued and outstanding Non-Cumulative First Preferred Shares Series BB.

Effective January 1, 2013, in accordance with capital adequacy requirements adopted by OSFI, non-common capital instruments issued after January 1, 2013, including first preferred shares, must include terms providing for the full and permanent conversion of such securities into common shares upon the occurrence of certain trigger events relating to financial viability (the Non-Viability Contingent Capital requirements) in order to qualify as regulatory capital. All outstanding capital instruments that do not meet the Non-Viability Contingent Capital requirements are considered non-qualifying capital instruments and have been phased out. The Non-Cumulative First Preferred Shares Series BD, BF, BH, BI, BO, BQ, BR, BS, BT, BU, BV, BW and BX contain non-viability contingent capital provisions necessary to qualify as Tier 1 regulatory capital under Basel III and are therefore convertible into common shares upon the occurrence of a non-viability contingent capital trigger event.

We are prohibited by the *Bank Act* from declaring or paying any dividends on our preferred or common shares when we are, or would be placed as a result of the declaration, in contravention of the capital adequacy and liquidity regulations or any regulatory directives issued under the *Bank Act*. We may not pay dividends on our common shares or redeem, purchase or otherwise retire common shares or preferred shares at any time without the approval of the holders of outstanding first preferred shares unless all dividends to which first preferred shareholders are then entitled have been declared and paid or set apart for payment.

The Non-Cumulative First Preferred Shares Series BT, BU and BW were respectively issued on November 5, 2021, January 25, 2024 and July 24, 2024 to certain institutional investors.

The Non-Cumulative First Preferred Shares Series BQ, BR, BS, BV and BX (the LRCN Preferred Shares) were respectively issued on July 28, 2020, November 2, 2020, June 8, 2021, April 24, 2024 and November 1,

2024 in connection with the Bank's concurrent issuances of LRCNs. The LRCN Preferred Shares are held by Computershare Trust Company of Canada as trustee (the Trustee) for Leo LRCN Limited Recourse Trust™ (the Limited Recourse Trust). In certain circumstances, including non-payment of interest on, principal of or redemption price for the LRCNs when due, or the occurrence of an event of default or a non-viability contingent capital trigger event, the Trustee of the Limited Recourse Trust will deliver to holders of LRCNs their proportionate share of the Limited Recourse Trust's assets, which will consist of the LRCN Preferred Shares except in limited circumstances, in full satisfaction of the Bank's obligations under the LRCNs.

For so long as the LRCN Preferred Shares are held by the Trustee on behalf of the Limited Recourse Trust, such shares will not be entitled to receive dividends.

On November 2, 2015, in connection with the merger of CNB with and into RBC USA Holdco Corporation, the Bank issued Non-Cumulative First Preferred Shares Series C-1 and C-2 in exchange for two series of outstanding CNB preferred stock. Neither series remains outstanding as of December 3, 2024.

Second preferred shares may be issued, from time to time, in one or more series with such rights, privileges, restrictions and conditions as the board of directors may determine, subject to the *Bank Act* and to the Bank's by-laws. There are no second preferred shares currently outstanding. Second preferred shares would rank junior to the first preferred shares. Second preferred shares would be entitled to preference over the common shares and over any other shares ranking junior to the second preferred shares with respect to the payment of dividends and in the distribution of property in the event of our liquidation, dissolution or winding-up.

Holders of the first and second preferred shares are not entitled to any voting rights as a class except as provided under the *Bank Act* or the Bank's by-laws. Under the *Bank Act*, the Bank may not create any other class of shares ranking equal with or superior to a particular class of preferred shares, increase the authorized number of, or amend the rights, privileges, restrictions or conditions attaching to such class of preferred shares, without the approval of the holders of that class of preferred shares.

Any approval to be given by the holders of the first and second preferred shares may be given in writing by the holders of not less than all of the outstanding preferred shares of each class or by a resolution carried by the affirmative vote of not less than 66⅔ per cent of the votes cast at a meeting of holders of each class of preferred shares at which a quorum is represented. A quorum at any meeting of holders of each class of preferred shares is 51 per cent of the shares entitled to vote at such meeting, except that at an adjourned meeting there is no quorum requirement.

Limited Recourse Capital Notes

LRCNs are the Bank's direct unsecured obligations constituting subordinated indebtedness for the purpose of the *Bank Act* and are intended to qualify as our additional Tier 1 capital within the meaning of the regulatory capital adequacy requirements to which we are subject. The LRCNs are not deposits insured under the Canada *Deposit Insurance Corporation Act* or any other deposit insurance regime designed to ensure the payment of all or a portion of a deposit upon the insolvency of a deposit taking institution.

In the event of a non-payment by the Bank of the principal amount of, interest on or redemption price for the LRCNs when due, the sole remedy of holders of LRCNs shall be the delivery of the LRCN Preferred Shares held by the Trustee for the Limited Recourse Trust.

If the Bank becomes insolvent or is wound-up, the LRCNs will rank (i) subordinate in right of payment to the prior payment in full of all outstanding deposit liabilities of the Bank including certain subordinated indebtedness (within the meaning of the *Bank Act*); and (ii) in right of payment equally with and not prior to the Bank's indebtedness which by its terms ranks equally in right of payment with, or is subordinate to, the LRCNs (other than the Bank's indebtedness which by its terms ranks subordinate to the LRCNs) and will be subordinate in right of payment to the claims of our depositors and other unsubordinated creditors, provided that in any such case and in case of the Bank's non-payment of the principal amount of, interest on or

redemption price for the LRCNs when due, the sole remedy of the holders of the LRCNs shall be the delivery of the LRCN Preferred Shares held by the Trustee for the Limited Recourse Trust.

Holders of LRCNs are not entitled to any voting rights, other than in certain limited circumstances.

Additional information about the Bank's share capital can be found under "Capital management" beginning on page 114 of our 2024 Management's Discussion and Analysis and in Note 19 "Equity" beginning on page 226 of our 2024 Annual Consolidated Financial Statements, which section and note are incorporated by reference herein.

Prior Sales

From time to time, the Bank issues principal at risk notes, securities for which the amount payable at maturity is determined by reference to the price, value or level of an underlying interest such as a stock index, an exchange traded fund or a notional portfolio of equities or other securities. In addition, the Bank periodically issues subordinated debt, preferred shares and other equity instruments which are not listed or quoted on a marketplace.

For information about the Bank's issuances of subordinated debentures, Limited Recourse Capital Notes and other equity instruments since October 31, 2023, see the "Capital management" section beginning on page 114 of our 2024 Management's Discussion and Analysis, Note 18 "Subordinated debentures" beginning on page 225 and Note 19 "Equity" beginning on page 226 of our 2024 Annual Consolidated Financial Statements, which section and notes are incorporated by reference herein.

Constraints

The *Bank Act* contains restrictions on the issue, transfer, acquisition, beneficial ownership and voting of shares of a chartered bank. The following is a summary of several key restrictions.

No person may be a major shareholder of a bank having equity of \$12 billion or more (which includes the Bank). A person is a major shareholder if:

- (a) the aggregate of the shares of any class of voting shares of the Bank beneficially owned by that person, by entities controlled by that person and by any person associated or acting jointly or in concert with that person is more than 20 per cent of the outstanding shares of that class of voting shares, or
- (b) the aggregate of shares of any class of non-voting shares of the Bank beneficially owned by that person, by entities controlled by that person and by any person associated or acting jointly or in concert with that person is more than 30 per cent of the outstanding share of that class of non-voting shares.

Additionally, no person may have a significant interest in any class of shares of a bank (including the Bank) unless the person first receives the approval of the Minister. For purposes of the *Bank Act*, a person has a significant interest in a class of shares of a bank where the aggregate of any shares of the class beneficially owned by that person, by entities controlled by that person and by any person associated or acting jointly or in concert with that person exceeds 10 per cent of all of the outstanding shares of that class of shares of such bank.

The *Bank Act* also prohibits a bank from purchasing or redeeming any of its shares or paying any dividends if there are reasonable grounds for believing the bank is, or the payment would cause the bank to be, in contravention of the *Bank Act* requirement to maintain, in relation to its operations, adequate capital and appropriate forms of liquidity and to comply with any regulations or directions of the Superintendent in relation thereto. Under the *Bank Act*, the Bank cannot redeem or purchase any shares for cancellation unless the prior consent of the Superintendent has been obtained.

Subject to certain exceptions, the *Bank Act* also prohibits the registration of a transfer or issue of any shares of a Canadian bank to any government or government agency of Canada or any province of Canada, or to any government of any foreign country, or any political subdivision, or agency of any foreign country.

Ratings

Our ability to access unsecured funding markets and to engage in certain collateralized business activities on a cost-effective basis is primarily dependent upon maintaining competitive credit ratings. Credit ratings and outlooks provided by rating agencies reflect their views and methodologies. Our credit ratings are largely determined by the rating agencies' assessment of the quality of our earnings, the adequacy of our capital and the effectiveness of our risk management programs. Ratings are subject to change, based on a number of factors including, but not limited to, our financial strength, competitive position, liquidity and other factors not completely within our control. There can be no assurance that our credit ratings and rating outlooks will not be lowered or that rating agencies will not issue adverse commentaries about us, potentially resulting in adverse consequences for our funding capacity or access to capital markets.

A lowering of our credit ratings may also affect our ability, and the cost, to enter into normal course derivative or hedging transactions and may require us to post additional collateral under certain contracts. However, we estimate, based on periodic reviews of ratings triggers embedded in our existing businesses and of our funding capacity sensitivity, that a minor downgrade would not materially influence our liability composition, funding access, collateral usage and associated costs.

Credit ratings, including stability or provisional ratings (collectively, Ratings) are not recommendations to purchase, sell or hold a financial obligation inasmuch as they do not comment on market price or suitability for a particular investor. Ratings may not reflect the potential impact of all risks on the value of securities. In addition, real or anticipated changes in the rating assigned to a security will generally affect the market value of that security. Ratings are determined by the rating agencies based on criteria established from time to time by them and are subject to revision or withdrawal at any time by the rating organization. Each Rating listed in the table above should be evaluated independently of any other Rating applicable to our debt and preferred shares. As is customary, RBC pays rating agencies to assign Ratings for the parent company as well as our subsidiaries, and for certain other services.

Additional information about Ratings is provided under “Principal risks – Liquidity and funding risk – Credit ratings” on page 97 of our 2024 Management’s Discussion and Analysis, which section is incorporated by reference herein.

APPENDIX B – EXPLANATION OF RATINGS AND OUTLOOK

Institution	Rating	Outlook
Moody's Investors Service, Inc.	• Obligations rated 'Aa' are judged to be of high quality and are subject to very low credit risk. • Obligations rated 'A' are judged to be upper medium-grade and are subject to low credit risk. • Obligations rated 'Baa' are judged to be medium-grade and subject to moderate credit risk and as such may possess certain speculative characteristics. • Moody's Investors Service, Inc. appends numerical modifiers 1, 2, and 3 to each generic rating classification from Aa through Caa. The modifier 1 indicates that the obligation ranks in the higher end of its generic rating category; the modifier 2 indicates a mid-range ranking; and the modifier 3 indicates a ranking in the lower end of that generic rating category. • Additionally, a "(hyb)" indicator is appended to all ratings of hybrid securities issued by banks, insurers, finance companies, and securities firms. • Ratings of 'P-1' reflect a superior ability to repay short-term obligations.	A Moody's Investors Service, Inc. rating outlook is an opinion regarding the likely rating direction over the medium term.
S&P Global Ratings	• An obligation rated 'AA' differs from the highest-rated obligations only to a small degree. The obligor's capacity to meet its financial commitment on the obligation is very strong. • An obligation rated 'A' is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligations in higher-rated categories. However, the obligor's capacity to meet its financial commitments on the obligation is still strong. • An obligation rated 'BBB' exhibits adequate protection parameters. However, adverse economic conditions or changing circumstances are more likely to weaken the obligor's capacity to meet its financial commitments on the obligation. • Ratings from 'AA' to 'CCC' may be modified by the addition of a plus (+) or minus (-) sign to show relative standing within the rating categories. • A short-term obligation rated 'A-1' is rated in the highest category by S&P Global Ratings. The obligor's capacity to meet its financial commitments on the obligation is strong. Within this category, certain obligations are designated with a plus sign (+). This indicates that the obligor's capacity to meet its financial commitments on these obligations is extremely strong. A short term obligation rated 'A-1+' has extremely strong capacity to meet its financial commitments.	An S&P Global Ratings outlook assesses the potential direction of a long-term credit rating over the intermediate term, which is generally up to two years for investment grade and generally up to one year for speculative grade.

Institution	Rating	Outlook
Fitch Ratings	• ‘AA’ (Very High Credit Quality) ratings denote expectations of very low default risk. They indicate very strong capacity for payment of financial commitments. This capacity is not significantly vulnerable to foreseeable events. • ‘A’ (High Credit Quality) ratings denote expectations of low default risk. The capacity for payment of financial commitments is considered strong. This capacity may, nevertheless, be more vulnerable to adverse business or economic conditions than is the case for higher ratings. • ‘BBB’ (Good Credit Quality) ratings indicate that expectations of default risk are currently low. The capacity for payment of financial commitments is considered adequate, but adverse business or economic conditions are more likely to impair this capacity. • The modifiers "+" or "-" may be appended to a rating to denote relative status within major rating categories. • ‘F1’ (Highest Short-Term Credit Quality) ratings indicate the strongest intrinsic capacity for timely payment of financial commitments; may have an added "+" to denote any exceptionally strong credit feature.	Outlooks indicate the direction a rating is likely to move over a one- to two-year period. They reflect financial or other trends that have not yet reached or been sustained the level that would cause a rating action, but which may do so if such trends continue.
Morningstar DBRS	• An obligation rated ‘AA’ is of superior credit quality. The capacity for the payment of financial obligations is considered high. Credit quality differs from AAA only to a small degree. Unlikely to be significantly vulnerable to future events. • An obligation rated ‘A’ is of good credit quality. The capacity for the payment of financial obligations is substantial, but of lesser credit quality than AA. May be vulnerable to future events, but qualifying negative factors are considered manageable. • All rating categories from AA to CCC contain the subcategories (high) and (low). The absence of either a (high) or (low) designation indicates the credit rating is in the middle of the category. • R-1 ratings indicate the highest credit quality. The capacity for the payment of short-term financial obligations as they fall due is exceptionally high. Unlikely to be adversely affected by future events. The R-1 and R-2 rating categories are further denoted by the subcategories “(high)”, “(middle)”, and “(low)”. • Preferred shares rated Pfd-1 are generally of superior credit quality and are supported by entities with strong earnings and balance sheet characteristics. Pfd-1 ratings generally correspond with issuers with a AAA or AA category reference point. • Preferred shares rated Pfd-2 are generally of good credit quality. Protection of dividends and principal is still substantial, but earnings, the balance sheet and coverage ratios are not as strong as Pfd-1 rated companies. Generally, Pfd-2 ratings correspond with issuers with an A category or higher reference point. • Each rating category of the preferred shares may be denoted by the subcategories “high” and “low”. The absence of either a “high” or “low” designation indicates the rating is in the middle of the category.	Rating Trends provide guidance in respect of Morningstar DBRS’ opinion regarding the outlook for a rating. Rating Trends have three categories: “Positive”, “Stable” or “Negative”. The Rating Trend indicates the direction in which Morningstar DBRS considers the credit rating may move if present circumstances continue, or in certain cases as it relates to the Corporate Finance sector,

		unless challenges are addressed by the issuer.

WHAT THE RATINGS ADDRESS:

Short-term and Long-term Senior Debt

Short-term and long-term senior debt credit ratings are the current opinion of the rating agency on creditworthiness of an obligor with respect to fixed-income obligations whose original maturity is of a short and medium to long-term nature, respectively. They address the possibility that a financial obligation will not be honoured as promised and reflect both the likelihood of default and any financial loss suffered in the event of default.

Subordinated Debt

Subordinated debt credit ratings are the current opinion of the rating agency on creditworthiness of an obligor with respect to a specific financial obligation and a specific class of financial obligation for a specific financial program. Ratings take into consideration the creditworthiness of guarantors, insurers, or other forms of credit enhancement on the obligation and takes into account the currency in which the obligation is denominated.

Preferred Shares

Preferred shares ratings address the issuer's capacity and willingness to pay dividends and principal, in case of limited life, on a timely basis. They address the likelihood of timely payment of dividends, notwithstanding the legal ability to pass on or defer a dividend payment.

Rating Outlook

Rating Outlook assesses the potential direction of a credit rating over the intermediate to longer term. In determining a Rating Outlook consideration is given to any changes in the economic and fundamental business conditions. An Outlook is not necessarily a precursor of a rating change.

 - d) ensure that the Audit Committee’s responsibilities are not delegated to management in violation of applicable law;
 - e) specify the policies relating to the annual and comprehensive evaluation of the external auditor and selection of the external auditor by the Audit Committee for recommendation to the Board.

Delegation

11. The Audit Committee may from time to time delegate to one or more of its members who are “independent” (within the meanings of applicable law and the rules or policies of a securities commission having jurisdiction, and the New York Stock Exchange) the power to pre-approve from time to time:

14. In addition, member(s) exercising delegated authority may pre-approve an engagement orally, if any such oral approval is promptly confirmed in writing. Such written confirmation may be given by fax or e-mail and must describe the engagement with reasonable specificity.
15. The Audit Committee may, each fiscal year, pre-approve additional fees for addendums to existing audit and audit-related engagements and new audit and audit-related engagements, categorized based on the nature of the underlying services, with a maximum amount ("fee cap") assigned for each category of services ("fee buckets"). The Audit Committee delegates authority to management to approve final fees associated with such pre-approved engagements provided that such fees do not exceed the fee cap. Any engagement subject to this process will be limited to those with little or no risk of independence breaches. Management shall provide a summary of cumulative fees approved under each fee bucket at the scheduled meetings of the Audit Committee held following the end of each fiscal quarter end.

Engagements

17. The Audit Committee will not, as a general rule, pre-approve a service more than one year prior to the time at which it is anticipated that the firm of accountants will be engaged to provide the service.
18. Engagements will not be considered to be revolving in nature and may not operate from year-to-year without re-approval.
19. All audit, audit-related, and non-audit services to be provided by the auditor, and all audit, audit-related, review or attest services to be provided by any public accounting firm, shall be provided pursuant to an engagement letter that shall:
 - a) be in writing and signed by the auditors or public accounting firm;
 - b) specify the particular services to be provided;
 - c) specify the period in which the services will be performed;

- d) specify the maximum total fees to be paid; and
 - e) in the case of engagements of the auditors, include a confirmation by the auditors that the services are not within a category of services the provision of which would impair their independence under applicable law and Canadian and U.S. generally accepted auditing standards.
20. Management shall, before signing and delivering an engagement letter on behalf of the Bank or a subsidiary and before authorizing the commencement of an engagement:
- a) obtain an engagement letter in accordance with these Policies and Procedures;

 - e) verify that the performance of the services has specifically been approved by the Audit Committee or a member in accordance with authority delegated by the Audit Committee.

All engagement letters entered into pursuant to these Policies and Procedures shall be made available to the Audit Committee upon request.

21. The Audit Committee, and any member in the exercise of delegated power, shall consider the provision of tax services by the auditors on an engagement-by-engagement basis.
22. The Audit Committee shall not pre-approve, and any member of the Audit Committee may not exercise delegated power to engage the auditors to provide, tax services to the Bank or a subsidiary:
- a) to represent the Bank or a subsidiary before a tax or other court;
 - b) if the provision of the services would be prohibited, as prescribed by paragraph 26 of these Policies and Procedures; or
 - c) related to marketing, planning or opinion in favour of the tax treatment of (1) a transaction offered under conditions of confidentiality and for which a fee has been or will be paid by the Bank; or (2) a transaction that was initially recommended directly or indirectly, by the accountant and a significant purpose of which is tax avoidance, unless the proposed tax treatment is at least more likely than not to be allowable under applicable tax laws.
23. The Audit Committee shall not pre-approve, and any member of the Audit Committee may not exercise delegated power to engage the auditors to provide, tax services to a person in a financial oversight role at the Bank, or an immediate family member of such a person, except as would be permitted by the PCAOB rules.

Other Non-Audit Services

24. The Audit Committee, and any member in the exercise of delegated power, shall consider the provision of other non-audit services (non-audit services other than audit-related services and tax services, and including non-audit services relating to internal control and business recovery services) by the auditors on an engagement-by-engagement basis. Any approval of non-audit services relating to internal control must be preceded by a discussion with the auditors of the potential effects of the services on independence as required by the rules of the PCAOB.

Value-Added Services

25. The Audit Committee recognizes and approves of the fact that the auditors from time to time provide, without charge or commitment, value added services to the Bank and its subsidiaries that do not involve

an engagement of the auditors. Such value added services may include surveys, educational sessions, workshops, roundtable meetings with peers, benchmarking studies, and monitoring of contest draws as an independent observer. The Audit Committee receives and reviews periodic reports from management and the auditors providing representative examples of such services as part of its monitoring of the Bank's overall relationship with the auditors.

26. The Audit Committee shall not pre-approve, and any member may not exercise delegated power to engage the auditors to provide, any services, including tax services or business recovery services, that (i) provide for a contingency or commission fee arrangement; or (ii) involve the auditors performing any of the non-audit services set forth in paragraph (c)(4) of Rule 210.2-01 of the U.S. Securities and Exchange Commission's Regulation S-X, which include:

 - f. functioning in the role of management for the Bank or any of its subsidiaries,

For the purposes of the Prohibited Services listed in Section 26, a "subsidiary" includes any entity for which the Bank uses the equity method of accounting and where it is material to the Bank. Therefore, the Audit Committee is not permitted to pre-approve the provision of the prohibited services listed above by the auditors to these entities.
