

Guideline Geo wins MSEK 3.0 order in Malaysia

Guideline Geo has been awarded a government tender in Malaysia valued at MSEK 3.0. Delivery is scheduled for the third quarter.

The order includes a broad range of Guideline Geo GPR (ground penetrating radar) solutions, from 2D MALÅ Easy Locator Core, to 3D MALÅ MIRA Compact and the vehicle-mounted MALÅ MIRA HDR including the software suite.

The contract was secured together with a local distribution partner in Malaysia.

Guideline Geo works with 85 distributors providing local representation in more than 50 countries. The global distribution network is a key driver of the company's growth strategy.

"This order demonstrates the strength of our broad GPR portfolio and the value of working closely with a strong local partner." says Per Westholm, CRO of Guideline Geo.
