About Us

ViaCon constructs connections. Consciously.

ViaCon, was founded in 1986 with establishments in Sweden and Norway and is market-leading European provider of sustainable civil engineering corrugated steel structures, geotechnical and storm-water solutions. ViaCon has a comprehensive local market know-how and manufacturing footprint, with presence in 18 countries and employing about 650 people.

Combining more than three decades of experience with today's cutting-edge technology, ViaCon is a pioneer in the field of Bridges & Culverts and Water&Ground Solutions, which make up the two business areas in the Company.

ViaCon offers its customers a host of distinct state-of-the-art, mission-critical solutions for various infrastructure products and solutions that are reliable, long-lasting and designed to meet the challenges of a changing world.

ViaCon is owned by funds advised by FSN Capital Partners, a leading private equity advisor in Northern Europe.
