PAYDAY™ 3: “Chapter 1 – Syntax Error” is out now

Chapter 1 - Syntax Error, the first DLC Expansion for the ultimate heist shooter fantasy, is out now on all available platforms. Players will unravel a web of conspiracies in a high-tech heist with the suspenseful atmosphere the series is known for. Watch the trailer for Syntax Error here!

Syntax Error unfolds a high-tech heist with the suspenseful atmosphere the series is known for. The PAYDAY Gang needs to prevail against an enemy AI called “SINS”, wittily setting traps and causing confusion. Every move counts because the ultimate computing power is always one step ahead.

DLC overview

Syntax Error is now accessible to Season Pass owners and available to buy separately on PC, Xbox Series S|X and PlayStation 5. The DLC consists of:

- The **Heist Pack**: with PAYDAY 3: Chapter 1 - Syntax Error

- The **Weapon Pack** with 3 new weapons, alongside with weapons mods for each weapon, a weapon sticker and a weapon charm.
- The **Tailor Pack** with 4 new masks, 4 new suits and 4 new gloves.

The update also includes the **“Scrambler” skill line** for all players and the new enemy **the Techie** (currently available in Syntax Error but will be rolled out to other heists in the future).

In **PAYDAY 3: Chapter 1 - Syntax Error**, the Gang is thrust back into action following a mysterious conspiracy, just to unravel a bigger web of betrayal spinning around John Concord, the former CEO of Murkywater. Players will execute high-tech heists and ultimately face a hidden enemy empowered by an AI called “SINS”. They have to leverage the art of heisting to execute their revenge on the CEO of Scry Digital, the guy that tried to kill the Gang. As they enter the building, the heist intensifies and they expose a cutting-edge drone system. These remote-controlled objects provide intel about John Concord’s scheme.

The four most well-known clown-masked criminals in recent video game history returned from retirement last September in PAYDAY 3 on PC via PC Game Pass, on Steam and Epic Games Store, as well as Xbox Series S|X, on Console Game Pass, PlayStation 5 and GeForce Now.
