**About AlzeCure Pharma AB (publ)**

---

AlzeCure® is a Swedish biotech company developing new, innovative drug therapies for severe diseases and conditions affecting the central nervous system, such as Alzheimer's disease and pain – indications where available treatment options today are very limited. The company is listed on Nasdaq First North Premier Growth Market and is developing several drug candidates in parallel based on three research platforms: NeuroRestore®, Alzstatin® and Painless. AlzeCure has recently signed collaboration and outlicensing agreements with Eli Lilly on the Alzstatin platform, and with QuantumCell ApS on the NeuroRestore platform.

FNCA Sweden AB is the company's Certified Adviser. For more information, visit [www.alzecurepharma.com](http://www.alzecurepharma.com)
