

Logistea named Listed Company of the Year 2026

Logistea has been named Listed Company of the Year 2026, an award presented by Kanton to highlight listed companies that distinguish themselves through strong financial performance, clear communication, and long-term value creation.

The award is based on an overall assessment of the company's performance during the year, with Logistea receiving particular recognition for its ability to combine stable growth, transparency, and consistent execution of its strategy. The jury also highlights the company's strong communication with the capital market and its ability to create value for investors, tenants, and society at large.

"We are very proud to be named Listed Company of the Year 2026. This award is a testament to the work carried out across the entire organization to ensure transparent, clear, and relevant communication with shareholders, investors, and other stakeholders. We view openness and high-quality financial reporting as essential to building long-term trust in Logistea, which makes it especially gratifying to be recognized in a competition that focuses on these very areas," says CEO Niklas Zuckerman.

Throughout 2026, Logistea has continued to strengthen its position as a long-term and responsible company in the real estate sector, with a focus on quality, sustainability, and efficient capital allocation.
