

IT – INET Nordic – Auction Trading quarterly periodic update

Background

Auction Trading is provided for certain share classes of the same company on Auction Trading Market Segments under Nasdaq Stockholm and Nasdaq First North Growth Market Sweden, if they fulfil specific pre-defined criteria A according to rules outlined in the INET Nordic Market Model Appendix AA.

Auction Trading reduces the risk of disorderly trading in situations where the price of one of the share classes of the same company does not reflect a fair value.

This IT Notice contains information on the shares allocated for Auction Trading for the fourth quarter of 2026 based on criteria A described in the INET Nordic Market Model Appendix AA.

There are no changes compared to third quarter of 2026.
