About Knowit

We are digitalization consultants and a Nordic powerhouse for the digital business models of the future. Our vision is to create a sustainable and humane society through digitalization and innovation. Knowit supports its clients in the digital transformation and stands out among other consultancy firms through its decentralized organization and agile work methods in client assignments. The operations are divided into

four business areas – Solutions, Experience, Connectivity, and Insight – which offer services in bespoke system development, digital customer experiences, the internet of things, cloud, cybersecurity, and management consultancy. Competences from several business areas are often combined in client projects.

Knowit was founded in 1990 and has more than 4,000 employees, mainly in the Nordic countries, but also in Poland and Germany. Knowit AB (publ) has been listed on the stock market since 1997 and is currently listed on Nasdaq OMX Stockholm Mid Cap. For more information on Knowit, please visit knowit.eu.
