 Corp. Reg. No. 556712-2972
 Nybrogatan 8
 114 34 Stockholm
 Sweden

Comments by the CEO

At the end of the financial year 2024, NAXS recorded a net asset value (NAV) per share of SEK 72.98, reflecting a decrease of 7.2% for the year. A dividend of SEK 4.25 per share was distributed during the year.

Key activities included an investment in Equip Capital SPV SCSp and additional commitment to Celero Capital Fund (E) AB and a further investment in Awilco Drilling Plc. NAXS' underlying funds acquired 7 new portfolio companies and executed 5 divestments, bringing total portfolio exits since inception to 124.

NAXS continues to hold a significant portion of cash.

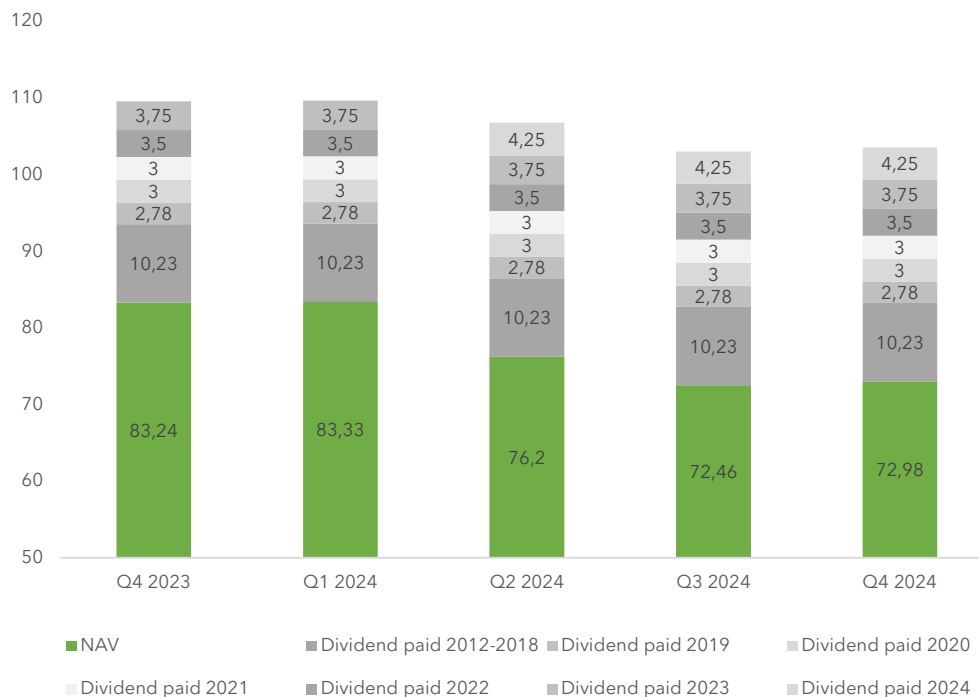

As we move forward, NAXS will continue to evaluate opportunities to enhance the portfolio while prioritizing long-term value creation for our shareholders.

Nikolai Jebsen

Significant occurrences for the Company during 2024 were:

- A decrease of 7,2% in net asset value (NAV) per share (incl. dividend paid)

NAV per share (SEK)

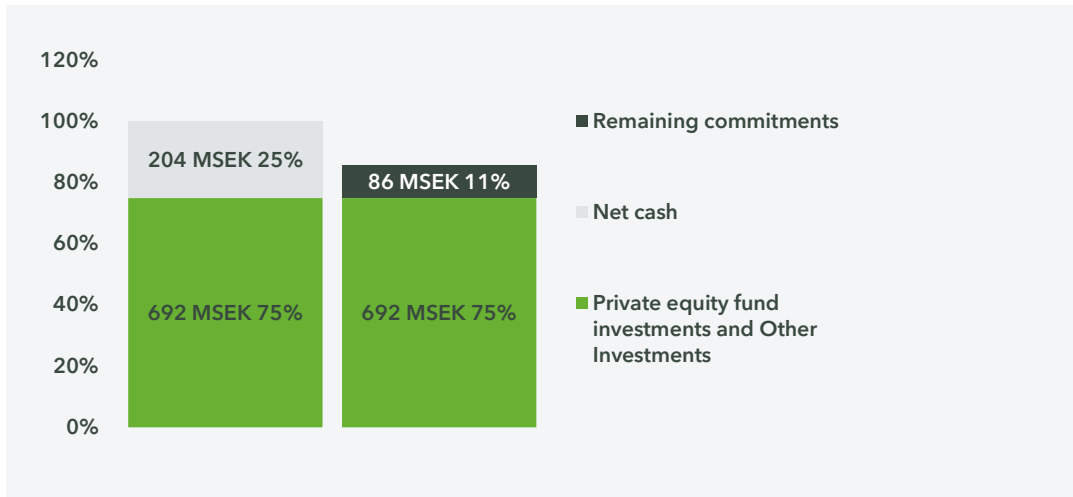

- A MEUR 1.3 investment in Equip Capital SPV SCSp, the continuation vehicle established to acquire 2 portfolio companies (Rush and iteam) from Equip Capital Fund I.
- A MEUR 1.7 commitment increase in Celero Capital Fund (E) AB, bringing its total commitment to the fund to MEUR 3.2 (NAXS had made a MEUR 1.5 commitment at the first close of the fund in 2023).
- The subscription of 577,636 shares at 1 NOK per share in Awilco Drilling Plc through the exercise of warrants issued as part of the June 2023 new share offering in the company.
- NAXS received 26,066 shares in JDE Peet's (listed on Euronext Amsterdam) as an in-kind distribution from JAB Consumer Fund GCB II, amounting to a value of MUSD 0.5 at the time of the distribution.
- NAXS' underlying funds acquired 7 new portfolio companies, bringing the total number of portfolio companies acquired since NAXS's inception to 191 (including the 123 portfolio companies that have been fully divested - see below).
- NAXS' underlying funds signed or closed 5 new divestments/exits, bringing the total number of portfolio companies exited since NAXS's inception to 123).
- The 124 total divestments completed since NAXS's inception have generated an average IRR amounting to 17.4%.
- In October, board member Nikolai Jebesen was appointed as interim CEO of NAXS.
- The 2024 Annual General Meeting resolved to pay a dividend of SEK 4.25 per share.

Private equity fund investments and Other Investments

Exposure to Private equity fund investments and Other Investments

At December 31, 2024, the total exposure to Private equity fund investments and Other Investments amounted to MSEK 692, which corresponds to 86% of the Company's equity. In the table below, the total exposure is compared to the Net cash plus Private equity fund investments and Other Investments.

The Private equity fund portfolio

Private equity fund investments

As of December 31, 2024, NAXS had commitments to 12 active private equity funds (10 buyout funds and 2 special situations fund).

- Private equity fund investments amounted to MSEK 503, which corresponds to 62 percent of the Company's equity;
- remaining commitments amounted to MSEK 86 which corresponds to 11 percent of the Company's equity.

Generally, NAXS is only able to provide relatively limited information on the Private equity fund investments due to industry-standard confidentiality undertakings made at the time of the respective investments.

The table below summarizes NAXS's Private equity fund commitments* (in alphabetical order)

Fund	Commitment Year	Commitment Currency	Initial Commitment Amount in (000s)

Alternative performance measures and definitions

NAXS applies the guidelines issued by the European Securities and Markets Authority (ESMA) for alternative key ratios. Alternative key figures are financial measures of historical or future earnings trend, financial position, financial results or cash flows that are not defined or specified in the applicable rules for financial reporting.

Alternative key ratios are stated when, in their context, they provide clearer or more in-depth information than the measures defined in applicable financial reporting rules. The alternative key figures are derived from the consolidated financial statements. Alternative key ratios are stated when, in their context, they supplement the measures defined in IFRS. The starting point for the provided alternative key figures is that they are used by management to assess the financial development and are thus considered to provide valuable information to analysts and other stakeholders. NAXS regularly uses alternative key ratios as a complement to those key ratios that generally constitute good accounting practice.

Below are definitions and all the alternative key figures used. Reconciliation with the financial statements is provided on page 23 of NAXS Year-end Report 2024 for the alternative key ratios for the Group that are not directly identifiable from the financial statements, and which are deemed essential to specify.

AGM 2024

At the AGM on April 4, 2024, 7 shareholders were registered, representing 70.62 percent of the total number of issued shares. The AGM was duly established and resolved, among other things:

- to approve the balance sheets and income statements of the Group for 2023 and to grant the Board and CEO relief from liability in respect of the 2023 management;
- in accordance with the board's proposal that, the funds at the meeting's disposal shall be allocated as dividends to the shareholders of SEK 4.25 per share and that the company's remaining unrestricted equity shall be carried forward;
- to re-elect Dan Gold, Meg Eisner, Nikolai Jebsen, Børge Johansen and Synne Syrrist as Board members, and re-elect Dan Gold as Chairman of the Board;
- that remuneration for the board, for the time until the end of the next annual general meeting, shall be paid in a total amount of SEK 918,750, whereof Synne Syrrist, Nikolai Jebsen and Børge Johansen, receives a fee of SEK 306,250 each;
- in accordance with the nomination committee's proposal, elect Meg Eisner (representing QVT Financial LP), Didrik Hamilton (representing himself) and Amaury de Poret (representing himself) were elected members of the nomination committee. Amaury de Poret was elected chairman of the nomination committee;
- to adopt guidelines for remuneration of senior executives;
- to adopt the Board's proposal to approve the authorization for the repurchase of shares. Shares may be acquired to the extent that the Company's holding of its own shares, on any occasion, does not exceed 10% of all shares in the Company;

Nomination Committee

At the AGM 2024, in accordance with the nomination committee's proposal, Meg Eisner (representing QVT Financial LP), Didrik Hamilton (representing himself) and Amaury de Poret (representing himself) were elected members of the nomination committee. Amaury de Poret was elected chairman of the nomination committee. The Nomination Committee can be contacted via e-mail to: adp@naccess.se.

Principles for appointing the Nomination Committee

The annual general meeting shall elect members of the nomination committee. A proposal for members and the chairman of the nomination committee shall be put forward by the current nomination committee. The nomination committee shall consist of three members. One member of the nomination committee shall be the chairman of the board of directors. However, the chairman of the board of directors of the Company shall not be chairman of the nomination committee. In its proposal for a new committee, the nomination committee shall

consider the shareholder base and the expressed willingness of the largest shareholders in the Company to participate in the nomination committee.

The nomination committee's mandate shall be for the period until a new nomination committee has been elected at a subsequent annual general meeting. However, the nomination committee may change the composition of the nomination committee during its mandate period if it deems it appropriate and practical or if it is motivated based on any material changes in the shareholder base (and/or if there has been an expressed interest from a large shareholder to appoint a member to the committee). In such cases, or if a member otherwise leaves the nomination committee for some other reason, the nomination committee shall offer the largest shareholder in turn, as applicable, based on votes, the possibility to appoint a member of the nomination committee for the remainder of that term, provided that there is nothing preventing such representation. However, no shareholder shall have the right to appoint more than one member to the nomination committee. The nomination committee shall vote on the proposed revised composition.

No fees shall be paid to the members of the nomination committee. The nomination committee shall pursue the tasks that, according to the Swedish Code of Corporate Governance, are of the responsibility of a nomination committee.

AGM

NAXS's highest body is the general meeting, where all shareholders are entitled to participate either in person or by proxy. The AGM elects the Board and Chairman of the Board, approve the Company's and the consolidated balance sheets and income statements decide on the disposition of the profits and decides to discharge the Board and CEO. The AGM also appoints the Company's auditors. The AGM also decides on the Board remuneration and approves the principles for remuneration and other terms of employment for senior management. At the AGM, each shareholder has as a general rule the right to vote for all of its shares. AGM decisions are taken by a simple majority of the votes cast. To protect the smaller shareholders, certain decisions taken by qualified majority of the votes cast and the shares represented. In addition, as a general rule the shareholders' meeting must not take decisions which may give an unfair advantage to certain shareholders or be detrimental to the Company or other shareholders.

AGM 2025

The next Annual General Meeting of shareholders in the Company will be held on April 3, 2025, in Stockholm. This Annual General Meeting will be held in accordance with the Company's by-laws and comply with the requirements of Swedish law.

The Board

Directors' responsibilities

According to the Swedish Companies Act and the Company's by-laws, the Board of Directors is responsible for establishing comprehensive, long-term strategies and objectives, setting budgets and business plans, review and approve financial statements and make decisions regarding investments and significant changes in the Company's organization and operations. The Board also appoints the CEO and sets his/her salary and other compensation.

Board composition

NAXS's Board of Directors shall consist of not less than 3 and not more than 8 members, with up to 5 substitutes. During 2024, the board has consisted of five regular members (no deputies). During the financial year, the board consisted of Daniel Gold (chairman of the board), Meg Eisner, Nikolai Jebsen, Børge Johansen and Synne Syrrist.

Further information regarding the directors is set forth below:

Dan Gold, Chairman of the Board

Mr. Gold (born 1968) has built and managed QVT Financial LP ("QVT") since its inception, starting with a proprietary trading group at Deutsche Bank A.G. He is QVT's Chief Executive Officer and Chief Investment Officer and a Managing Member of the general partner of QVT. Mr. Gold previously served as a Managing Director of DB Advisors L.L.C. He founded the QVT Group at Deutsche Bank shortly after joining Deutsche Bank in 1992, having previously worked as a proprietary trader at Daiwa Securities America and at Bear, Stearns & Co. Mr. Gold earned an A.B. in Physics from Harvard College. Mr. Gold has an indirect economic interest in NAXS through the shares held by the Majority Shareholder. Mr. Gold is an American citizen and resident.

- Shareholding in the Company: 0
- Attendance at board meetings: 7 of 8
- Dan Gold is independent of the Company. He is a nominee of the Company's largest shareholder.

Meg Eisner, director

Ms. Eisner (born 1986) is a partner at QVT and acts as its Chief Compliance Officer. Prior to joining QVT in 2007, Ms. Eisner earned an A.B. in International Political Economy, summa cum laude, from Fordham University. Ms. Eisner has an indirect economic interest in NAXS through the shares held by the Majority Shareholder. Ms. Eisner has been Chairman of the Company's Nomination Committee, acting as the representative of QVT and the Majority Shareholder, since 2019. Ms. Eisner is an American citizen and resident.

- Shareholding in the Company: 0
- Attendance at board meetings: 8 of 8
- Meg Eisner is independent of the Company. She is a nominee of the Company's largest shareholder.

Nikolai Jebsen, director and interim CEO

Mr. Jebsen (born 1984) is an independent consultant and investor. He was previously the Chief Financial Officer of Aurora LPG, a publicly traded provider of liquid petroleum gas transportation services, from its inception until its acquisition in 2017. Mr. Jebsen has extensive experience within the equity and debt capital markets from his time with Carnegie, Pareto and SEB, as well as in producing official financial reporting. He holds a BSc in Finance from BI Norwegian Business School. Mr. Jebsen holds dual Norwegian and American citizenship and is a Norwegian resident.

- Shareholding in the Company: 0
- Attendance at board meetings: 8 of 8
- Nikolai Jebsen is independent of the Company. He is a nominee of the Company's largest shareholder.

Børge Johansen, director

Mr. Johansen (born 1974) is an independent investor and a board member of Sector Alarm. He was also the Chief Executive Officer of Aurora LPG. Prior to Aurora, Mr. Johansen held research and investment management positions covering the maritime sector at Oslo Asset Management AS and Carnegie Investment Bank. He also brings several years of experience in M&A and corporate finance from engagements at Creo Advisors and Andersen Consulting. He holds an MSc from the Norwegian University of Science and Technology. Mr. Johansen is a Norwegian citizen and resident.

- Shareholding in the Company: 0
- Attendance at board meetings: 8 of 8
- Børge Johansen is independent of the Company. He is a nominee of the Company's largest shareholder.

Synne Syrrist, director

Ms. Syrrist (born 1972) is an independent business consultant and has extensive experience as a non-executive director of both private and public companies. Ms. Syrrist was previously a partner and financial analyst at First Securities AS. She currently serves on the board of several public companies, including Awilco LNG ASA, Awilco Drilling Ltd. and Aqualisbraemar LOC ASA. She holds an MSc from the Norwegian University of Science and Technology and qualified as an authorised financial analyst at the Norwegian School of Economics and Business Administration. - Shareholding in the Company: 0
- Attendance at board meetings: 8 of 8
- Synne Syrrist is independent of the Company. She is a nominee of the Company's largest shareholder.

Nikolai Jebsen has been CEO since October 7, 2024. Gösta Lundgren, who was CEO for the period 1 January - 6 October 2024, is not part of the board but participates in the board meetings and provides any required information and conducts presentations.

NAXS meets the Nasdaq Stockholm stock exchange regulations and the Code's requirements that a majority of the elected board members are independent of the company and the Group management and that at least two of its members are also independent of the company's shareholders.

Board Rules

The Board's work is governed by the Rules of Proceedings governing the Board's work, decision-making, signatories and meeting schedule, which are adopted annually. The Board follows as a guiding principle a set of proceedings designed that the requirement for a satisfactory information and division of work between the Board and CEO are met. The Board has established specific CEO's instructions set forth in the Board's Rules. The Board monitors the CEO's activities, is responsible for establishing guidelines for the management of the Company and ensures that the Company's liquid assets are appropriately invested. The Board is also responsible for developing and monitoring the Company's strategies, plans and objectives, taking decisions on acquisitions and disposals of businesses, major investments, appointments and remuneration of the management and ongoing monitoring of operations during the year.

Chairman

The Chairman is responsible for the Board members receiving regularly the information required to monitor the Company's financial position, earnings, liquidity, economic planning and development, to verify that the Board's decisions are implemented in an efficient manner and that the Board's work is duly evaluated. Furthermore, the Chairman is responsible for the organization of the Nomination Committee and participates in its work.

The Board's work in 2024

During the fiscal year 2024, the Board of NAXS held 8 meetings, whereof one per capsulam meeting. All meetings were held by telephone and video conferencing. Under the current rules, the Board shall hold at least 5 regular meetings per calendar year. All the regular Board meetings follow a pre-defined agenda, which includes a report from the CEO as well as financial reports, updates on investments, financing issues and strategic issues. Key issues discussed during the fiscal year 2023 included financing issues, investment issues, share repurchase issues and distribution issues.

Audit Committee

The Company has decided that the entire Board shall be included in the Audit Committee. The Audit Committee's tasks are described in the Board's Rules. The Audit Committee shall inter alia monitor the Company's financial reporting, the effectiveness of the Company's internal controls, risk management on financial reporting, keep itself informed about the audit of annual and consolidated accounts, review and monitor the auditors' impartiality and independence, as well as assist the Nomination Committee in relation to the proposal for the appointment of the auditors.

Compensation Committee

The Company has decided that the entire Board shall be included in the Compensation Committee. The Remuneration Committee's tasks are described in the Board's Rules. The Remuneration Committee shall, inter alia, examine whether the compensation paid to senior executives (i.e. the CEO) is on market terms.

Evaluation of the Board's work

The Chairman of the Board evaluates annually the quality of the Board's work and what areas of improvements should be targeted to develop the quality and efficiency of the Board's work. The evaluation results are reported to the Nomination Committee.

Company Management

During 2024, NAXS's Group Management consisted of Gösta Lundgren as CEO for the period 1 January to 6 October. He was succeeded as CEO by Nikolai Jebsen, who is also a member of the Board. Gösta Lundgren remains as CFO of the Company.

Gösta Lundgren has extensive experience as a consultant with a focus on interim CFO assignments and on consolidated financial statements for mainly listed companies. Prior to that, Lundgren has been CFO of Korbe Fastigheter KB and Max Matthiessen AB and as auditor of Osborne Johnson Revisionsbyrå AB. Lundgren has been CFO of NAXS AB (publ) since 2007 when the company was formed. Lundgren holds a bachelor's degree in business administration and a law degree from Uppsala University. Gösta Lundgren is a Swedish citizen. Shareholding in NAXS: 12,500 through endowment insurance in own company.

The company's CEO

The CEO is responsible for the Company's operational management in accordance with the guidelines and instructions of the Board of Directors and shall ensure that the Board receives the information required for decision-making regarding the Company's and Group's financial

position, earnings, liquidity and development. The CEO attends the board meetings, where he provides the required reporting.

Auditors

NAXS's auditors are appointed by the AGM for a period of one year. The current period runs out in 2024, and the next election is thus to take place at the 2025 AGM. The Company's registered accounting firm is Ernst & Young, and its chief auditor is authorized auditor Mona Alfredsson. The external auditor's role is to, on the shareholders' behalf and in accordance with applicable laws and regulations, review the Company's accounts, consolidated accounts, annual report, the Board of Directors and Corporate Governance Report. In addition, the Company's interim report for the third quarter of 2024 was reviewed by the auditors. The chief auditor also submits an audit report to the AGM.

Remunerations

Board fees

In accordance with the decisions of the AGM 2024, the Board of Directors received annual fees amounting to a total of 918,750, whereof Synne Syrrist, Nikolai Jebsen and Børge Johansen, receives a fee of SEK 306,250 each. The 2 QVT representatives on the board did not receive any remuneration. For more information on remuneration paid to the Board and senior executives, see Note 7, Employees and staff costs.

Guidelines for remuneration and other benefits for executives' remuneration

Before each AGM, the Board shall develop guidelines regarding salaries and other compensation for the CEO and other senior executives of the Company. The 2024 AGM adopted the proposal submitted by the Board regarding the guidelines for remuneration to the CEO and senior executives.

Current guidelines for executive compensation

The executive management of NAXS AB (publ) ("NAXS" or the "Company") fall within the provisions of these guidelines. The guidelines are applicable to remuneration agreed, and amendments to remuneration already agreed, after adoption of the guidelines by the annual general meeting 2024. These guidelines do not apply to any remuneration decided or approved by the general meeting.

The guidelines' promotion of the Company's business strategy, long-term interests and sustainability

In short, the Company's business strategy is the following. NAXS primarily in private equity funds with a Nordic focus. NAXS may also make direct investments or co-investments alongside private equity or other alternative assets funds. In addition, NAXS may, to a limited extent, make other types of investments. For further information on the Company's business strategy, see <https://www.naxs.se/om-naxs/>.

A prerequisite for the successful implementation of the Company's business strategy and safeguarding of its long-term interests, including its sustainability, is that the Company is able to recruit and retain qualified personnel. To this end, it is necessary that the Company offers competitive remuneration. These guidelines enable the Company to offer the executive management a competitive total remuneration.

No long-term share-related incentive plans have been implemented by the Company. If the Company would implement any long-term share-related incentive plans it would be resolved by the general meeting and any such plans are therefore excluded from these guidelines.

Variable cash remuneration covered by these guidelines shall aim at promoting the Company's business strategy and long-term interests, including its sustainability.

Types of remuneration, etc.

The remuneration shall be on market terms and may consist of the following components: fixed cash salary, variable cash remuneration, pension benefits and other benefits.

Additionally, the general meeting may – irrespective of these guidelines – resolve on, among other things, share-related or share price-related remuneration.

The satisfaction of criteria for awarding variable cash remuneration shall be measured over a period of one year. The variable cash remuneration may amount to not more than 50 per cent of the fixed annual cash salary.

For the CEO and other executives, pension benefits, if applicable, including health insurance, shall be premium defined unless the individual concerned is subject to defined benefit pension under mandatory collective agreement provisions. Variable cash remuneration shall not qualify for pension benefits unless required for the executive in question by mandatory collective agreement provisions. The pension premiums for premium defined pension shall amount to not more than 30 percent of the fixed annual cash salary.

Other benefits may include, for example, life insurance, medical insurance and Company cars. Such benefits may amount to not more than 10 percent of the fixed annual cash salary.

Termination of employment

The notice period may not exceed six months without any right to severance pay if notice of termination of employment is made by the Company. The period of notice may not exceed six months without any right to severance pay when termination is made by the executive.

Criteria for awarding variable cash remuneration, etc.

The variable cash remuneration shall be linked to predetermined and measurable criteria which can be financial or non-financial. They may also be individualized, quantitative or qualitative objectives. The criteria shall be designed so as to contribute to the Company's business strategy and long-term interests, including its sustainability, by for example being clearly linked to the business strategy or promote the executive's long-term development.

To which extent the criteria for awarding variable cash remuneration has been satisfied shall be evaluated/determined when the measurement period has ended. The board of directors is responsible for the evaluation so far as it concerns variable remuneration to the CEO. For variable cash remuneration to other executives, the CEO is responsible for the evaluation. For financial objectives, the evaluation shall be based on the latest financial information made public by the Company.

Salary and employment conditions for employees

In the preparation of the board of directors' proposal for these remuneration guidelines, salary and employment conditions for employees of the Company have been taken into account by including information on the employees' total income, the components of the remuneration and increase and growth rate over time, in the board of directors' basis of decision when evaluating whether the guidelines and the limitations set out herein are reasonable.

The decision-making process to determine, review and implement the guidelines

The board of directors shall prepare a proposal for new guidelines for executive remuneration at least every fourth year and submit it to the general meeting. The guidelines

shall be in force until new guidelines are adopted by the general meeting. The board of directors shall also monitor and evaluate programs for variable remuneration for the executive management, the application of the guidelines for executive remuneration as well as the current remuneration structures and compensation levels in the Company. The CEO and other members of the executive management do not participate in the board of directors' processing of and resolutions regarding remuneration-related matters in so far as they are affected by such matters.

Derogation from the guidelines

The board of directors may temporarily resolve to derogate from the guidelines, in whole or in part, if in a specific case there is special cause for the derogation and a derogation is necessary to serve the Company's long-term interests, including its sustainability, or to ensure the Company's financial viability.

Financial reporting

The Board should document how it ensures the quality of financial reporting and communicating with the auditors. The Board is responsible for the quality of financial reporting in each quarterly report. The Board reviews critically the accounting and financial reports issued by the Company, compliance, and any significant uncertainty in the reporting. The auditors attended two regular meetings of the Board during 2024, which were held digitally via Zoom. The entire Board reviews the interim reports before they are published. The Company's auditors attend the Board meeting in connection with the approval of the Company's annual report.

Internal control of financial reporting

Internal control

The Board is responsible for the internal controls under the Swedish Companies Act and the Code. The following description of internal control and risk management of financial reporting has been prepared in accordance with the Code.

NAXS has a centralized organization in the group with a CEO and CFO hired on a consulting basis. The other professionals being engaged on a consultancy basis. The Group has a clear division of responsibilities and internal controls, which is the reason why the need for a separate internal audit function does not exist. Internal control and performance monitoring are conducted at several levels within the Group, both at the subsidiaries' level and at Group level.

Control environment

Internal control covers all companies within the Group and includes controlling the accuracy and reliability of reporting and ensuring that the adopted practices and policies are followed. NAXS has established policies and procedures, including rules of proceedings for the Board, instructions for the CEO, instructions for financial reporting, financial and investment policy and authorization rules. Guidelines are also for decisions regarding the costs, private equity fund investments and more. Reporting Instructions are designed to support a relevant reporting that follows the organization's structure.

NAXS accounting policies and principles follow IFRS, which ensures a consistent and rigorous financial reporting.

Risk assessment

NAXS is exposed to a variety of risks, both externally and internally. The basis for risk management and risk assessment is to identify and analyse the Company's risks. Risk

management is an integral part of the funds evaluation process to ensure that its policies are followed. Comprehensive risk assessments are carried out and where appropriate lead to specific measures to address existing risks.

Control Activities

Control activities consist of procedures and procedures that ensure that management's directives are implemented and that set control targets are achieved to manage significant risks. Control activities are carried out in the organisation. The activities include approval, verifications, reconciliations, performance follow-up and distribution of tasks. NAXS assesses the valuations in the fund reports received from the funds on a quarterly basis. Group management conducts regular performance follow-ups that are reported to the Board.

Information and communication

Appropriate information and communication are essential for the internal control systems to function appropriately. NAXS receives quarterly or semi-annual reports from underlying funds relating the development of each fund. The Company's CFO and interim CEO then compiles a report on the Company's stake in the private equity fund investments and the value of such investments, which is presented to the Board. NAXS is a small organization, which facilitates effective communication and information between the Company's management and the Board.

Follow-up

Monitoring is conducted in the ordinary course of business and forms part of the management's regular activities when carrying out their duties. Any weaknesses in internal controls should be reported to the Board.

Board of Directors' Report

The Board of Directors and the CEO of NAXS AB (publ) ("NAXS", "the Company", or the "Parent Company"), Swedish corporate identification number 556712-2972, are hereby presenting the annual report for the Group and the Parent Company for the financial year 2024. The financial statements are subject to their adoption by the Annual General Meeting of the shareholders to be held on April 3, 2025.

Group

General operations

NAXS is listed on Nasdaq Stockholm. NAXS primarily invests in private equity funds with a Nordic focus. NAXS may also make direct investments or co-investments alongside private equity or other alternative assets funds and may invest up to forty percent of its net asset value in any securities or assets in any jurisdiction.

Operations commenced on April 17, 2007, and the Company was listed on First North on May 14, 2007, where it traded until its change of listing to Nasdaq Stockholm on June 8, 2010. The share trades under the designation "NAXS".

NAXS AB, corporate ID 556712-2972 is the Group's parent company. NAXS AB has its registered office in Stockholm. QVT Financial LP with org.no 156508, with registered office in New York, USA, controls, via Tompkins Square Park SARL, 68.7% of the outstanding shares in NAXS AB.

In addition to the parent company, the group consists of the subsidiaries NAXS A/S, registered in Copenhagen, NAXS Nordic Access Buyout AB, registered in Stockholm, and NAXS Nordic Access Buyout AS, registered in Oslo. The Danish and Swedish subsidiaries operate as holding companies for the Group's investments.

Naccess Partners AB is contracted as the investment advisor to the Danish subsidiary NAXS A/S.

Objective and investment strategy

Overall investment strategy

The strategy of NAXS AB (publ) (together, with its subsidiaries, "NAXS") is to seek to produce investment returns commensurate with the risk incurred in making those investments.

Investment criteria

NAXS may without limitation, except as set forth below, invest in private equity funds, which have one or more of the Nordic countries (Denmark, Finland, Norway and Sweden) as their investment focus.

NAXS may without limitation, except as set forth below, invest alongside private equity funds and other alternative assets funds.

Up to forty percent of NAXS's net asset value may be invested in any securities or assets in any jurisdiction.

Investment size and diversification

NAXS intends to hold a diversified portfolio of investments. However, NAXS may decide based on market conditions to place up to 40 percent of NAXS's net asset value at the time of the investment in a single investment.

Interest income	6 172	7 322
Interest expenses	-1	-3
Currency effects	-114	14
Net financial items	6 057	7 333

Financing

The Group is financed with shareholders' equity. Shareholders' equity amounted to KSEK 808,410 (922,065) at the end of the year, corresponding to SEK 72.98 (83.24) per share and an equity/asset ratio of 99,8 (99.8) percent. Dividend to shareholders for FY 2023 amounted to KSEK 47,080 (41,541) corresponding to SEK 4.25 (3.75) per share

Results and investments

Profit after financial items amounted to KSEK -66,575 (4,363). The result is mainly attributable to changes in the value of Private equity fund investments of KSEK amounting to -78,247 (3,107) and in Other Investments amounting to KSEK 21,541 (10,734). The decrease in value of Private Equity Fund investments experienced during the financial year was primarily due the underperformance of one manager in the portfolio, reflecting the more challenging macro-economic environment as well.

During the financial year, NAXS invested KSEK 51,336 (65,979) in Private equity fund investments. Repayments from Private equity fund investments amounted to KSEK 102,977 (118,019). KSEK 562 (21,158) was invested in Other Investments and repayments from Other Investments amounted to KSEK 595 (17,692).

Environment

The Company does not conduct any activity that may require an environmental permit.

Parent Company

The parent company's revenues for the financial year amounted to KSEK 557 (591). Net interest amounted to SEK 2,542 (4,131). During the year, own shares were repurchased by subsidiaries, resulting in KSEK 35,298 (-) in profit from participations in subsidiaries The profit/loss before and after tax amounted to KSEK 33,985 (227).

Proposal for appropriation of earnings

At the disposal of the Annual General Meeting are the following amounts in SEK:

Share premium reserve	577 705 947
Retained earnings	-95 415 123
Net profit for the year	33 985 086
Total	516 275 910

The Board of Directors and the CEO proposes that available earnings to be appropriated as follows:

Dividend, SEK 4.25 per share	47 079 736
To be carried forward	469 196 174
Total	516 275 910

In addition, the Board of Directors proposes to the Annual General Meeting to vote on a continued share repurchase mandate to repurchase own shares to the extent that the Company's holding of its own shares, on any occasion, does not exceed 10% of all shares in the Company.

Notes to the financial statements

Note 1. Accounting policies

Corporate information

The consolidated financial statements for the financial year 2024 for NAXS AB (publ) ("NAXS", "Group", "the Company"), have been prepared by the Board of Directors and the CEO. The Annual Report will be submitted to the Annual General Meeting on April 3, 2025 for approval. The Parent Company is a Swedish limited liability company (publ) listed on Nasdaq Stockholm, with its registered office in Stockholm, with address Nybrogatan 8 114 34 Stockholm, Sweden. NAXS invests mainly in private equity funds with a Nordic focus, but can also make direct investments together with private equity and other funds in alternative assets. NAXS can, to a limited extent, also make other types of investments. The aim is to make the Nordic venture capital market accessible to a wider circle of investors who are also offered liquidity through NAXS' market-listed share. The investment strategy focuses on a selective and diversified fund portfolio.

General accounting principles

This Annual Report has been prepared in accordance with the following accounting principles.

The consolidated financial statements have been prepared in accordance with the International Financial Reporting Standards (IFRS accounting standards) issued by the International Accounting Standards Board (IASB) and the interpretative statements of the International Financial Reporting Interpretations Committee (IFRIC) as adopted by the EU. Furthermore, the Swedish Financial Reporting Council and Recommendation RFR 1 Supplementary Accounting Rules for Groups have been applied.

The annual report for the parent company has been prepared in accordance with the Annual Accounts Act, Swedish Financial Reporting Council RFR 2 Accounting for legal entities. Differences between the Parent Company's and the Group's applied accounting principles are due to limitations in the possibilities of applying IFRS in the Parent Company because of the Annual Accounts Act and, in some cases, due to applicable tax rules. The most significant differences are described below under "Differences between the Group's and the parent company's accounting policies".

Application of new and amended accounting rules

The International Accounting Standards Board (IASB) and the International Financial Reporting Committee (IFRIC) have issued, and the EU has adopted new and revised standards and interpretations with effect from the 2024 financial year. The Group has assessed that the new standards, amendments and interpretations that have entered into force will not have any material effect on the Group's financial results and position.

Standards, amendments and interpretations that have not yet entered into force or been approved by the EU and that have not been applied prematurely by the Group.

A number of new standards, amendments and interpretations of existing standards have been published but have not yet entered into force. Apart from IFRS 18, which will come into effect for financial years beginning on 1 January 2027, the Group has assessed that the new standards, amendments and interpretations that have not yet entered into force will not have any material effect on the Group's financial results and position.

On 9 April, the International Accounting Standards Board (IASB) published a new IFRS® Accounting Standard, IFRS 18. The accounting standard will entail changed and new requirements for presentation and disclosures in the financial statements, with a particular focus on improving the reporting of financial results.

Reporting according to CSRD and ESEF

Introduction

NAXS confirms the applicability of the Corporate Sustainability Reporting Directive (CSRD) and the European Sustainability Reporting Standards (ESRS) as part of its reporting obligations.

Currently, NAXS has not implemented any comprehensive ESG policies, but NAXS intends to comply with the statutory minimum requirements. The rules are expected to begin to be complied with for NAXS from 1 January 2026 at the earliest.

Environmental factors (ESRS A1-A4)

NAXS has no formal environmental strategy, including climate change or biodiversity policy. NAXS monitors these areas and will report any material Impacts, risks and opportunities as they arise.

Social factors (ESRS S1-S4)

NAXS currently has no formal social responsibility policies, such as human rights due diligence, labour law, or social impact assessments. These areas may be investigated in future reporting.

Corporate Governance (ESRS G1)

NAXS follows basic governance practices required by Swedish law but has not yet developed a specific framework for ESG governance, such as anti-corruption policies or executive salaries linked to sustainability.

Conclusion and future commitments

Although NAXS does not have a detailed ESG policy in place, NAXS will monitor what is required of the company under Swedish law.

Basis for establishing the parent company and consolidated financial statements

The Parent Company's functional currency is the Swedish krona, the reporting currency of the Parent Group. This means that the financial statements are presented in Swedish kronor. All figures, unless otherwise indicated, rounded to the nearest thousand. Rounding differences may occur.

Valuation of assets and liabilities is based on historical cost. The following assets and liabilities are valued in other ways:

Private equity fund investments and Other Investments are valued at fair value

- Valuation of deferred tax assets and liabilities based on how the carrying values of assets or liabilities are realized or settled.
- Deferred tax is calculated using the current tax rate.

The preparation of financial statements in conformity with IFRS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, revenues and expenses. Actual results could differ from these estimates.

The following accounting policies for the Group and parent company have been applied consistently to all periods presented in the consolidated and Parent Company financial statements.

Basis of consolidation

The consolidated accounts comprise the Parent Company and subsidiaries:

Subsidiaries are companies that are under a controlling influence from NAXS AB. When assessing whether controlling influence exists, consideration is given to both influence and influence on returns and partly whether de facto control exists. Subsidiaries are reported according to the acquisition method. For more information, see Note 11, Shares in Group companies.

When preparing the consolidated financial statements, intra-group transactions and transactions are eliminated.

Financial instruments

Financial instruments are reported according to IFRS 9 Financial Instruments. Financial instruments that NAXS reports in the balance sheet include, on the asset side, cash and cash equivalents, private equity fund investments and Other Investments. Liabilities include accounts payable. Only the categories that are relevant to the group are described below.

Financial assets

The Group classifies its financial assets in the following categories: Amortized cost (Hold to collect) and Fair value through the income statement. Classification and valuation of financial assets based on debt instruments is based on the business model applied for the management of the financial asset and the instrument's contractual cash flows.

Accrued acquisition value

Assets classified as in this category are financial assets that are held for the purpose of collecting contractual cash flows and where these cash flows consist solely of capital amounts and interest. This category includes cash and cash equivalents.

Fair value via the income statement, mandatory

Financial assets that are managed and evaluated based on fair values are always classified at fair value via the income statement. This category includes Private equity fund investments and Other Investments.

Accounting and removal from the balance sheet

Purchases and sales of financial assets are reported on the business day, the date on which the Group commits to buy or sell the asset. Financial assets are removed from the balance sheet when the right to receive cash flows from the instrument has expired or has been transferred and the Group has transferred virtually all risks and benefits associated with ownership.

Valuation

Financial assets are initially measured at fair value plus, in cases where the asset is not recognized at fair value through the income statement, transaction costs directly attributable to the purchase. Transaction costs attributable to financial assets recognized at fair value through profit or loss are expensed directly in the income statement. Holdings of unlisted bonds are usually reported at amortised cost. In 2023, NAXS held publicly traded bonds and were therefore measured at fair value in the income statement.

Financial assets with embedded derivatives are regarded as a unit when an assessment is to be made if the cash flows from the asset consist solely of principal amounts and interest.

Investments in debt instruments

Subsequent valuation of investments in debt instruments depends on the Group's business model for managing the asset and what kind of cash flows the asset gives rise to. The Group classifies its investments in debt instruments in two valuation categories:

Amortized cost: Assets held for the purpose of collecting contractual cash flows and where these cash flows consist solely of capital amounts and interest, are reported at amortized cost. Interest income from such financial assets is reported as financial income by applying the effective interest method. Gains and losses arising from derecognition from the balance sheet are recognized directly in profit or loss within other gains and losses together with the exchange rate result. Impairment losses are reported on a separate line in the income statement.

Fair value through the income statement: Assets that do not meet the requirements for being recognized at amortized cost or fair value through other comprehensive income are measured at fair value through profit or loss. A gain or loss on a debt instrument that is reported at fair value through the income statement, and which is not included in a hedging relationship is reported net in the income statement in the period when the gain or loss arises.

Financial liabilities valued at amortized cost

Accounts payable have a short-expected duration and are valued at face value. In addition, the Group has no significant financial liabilities.

Transactions, receivables, and liabilities in foreign currency

Transactions in foreign currencies are translated at the exchange rate prevailing on the transaction date. Monetary assets and liabilities are translated at the closing date balance sheet date. Exchange differences arising on translation are recognized in the income statement. Non-monetary assets and liabilities are recorded at historical rates, i.e. the rates prevailing at each transaction date except for holdings in Private equity funds which is valued at fair value through the income statement.

Foreign operations

The consolidated financial statements are presented in Swedish kronor, the Group's reporting currency. The Company has assessed that the functional currency of the Danish and Norwegian subsidiaries is SEK, i.e. the same as the Parent Company's in accordance with IAS 21.11(a). This means that the functional currency of the subsidiaries is considered to be the same as that of the parent company and effects of exchange rates reported in the income statement under changes in value.

Provisions

A provision is recognized when as a result of a past event there is a legal or informal obligation and it is likely that it must be met, and the amount can be reliably estimated. Where the effects of when in time the payment is made is material, the provision should be made at the present value of the expenditure which is expected to be required to settle the obligation.

Contingent liabilities

A contingent liability exists if there is a possible obligation that arises from past events and whose existence will be confirmed only by one or more uncertain future events, and when there is a commitment that is not recognized as a liability or provision because it is unlikely that an outflow of resources will be required, or the liability cannot be measured with sufficient reliability. The disclosure is made unless the possibility of an outflow of resources is remote.

Income tax

Income taxes consist of current and deferred taxes. Income taxes are recognised in the income statement when the tax is attributable to items recognised in the income statement. Income taxes are recognized directly against equity as the tax is attributable to items that are recognized directly in equity.

Current tax comprises tax based on taxable income for the current year and any adjustments relating to prior years.

Deferred tax is calculated on the differences (temporary differences) between assets and liabilities and taxable values on the other hand, their carrying values. The deferred tax is calculated on the basis of the tax rates that are deemed applicable to the tax regulation. Deferred tax liabilities are recognized for all taxable temporary differences. Deferred tax assets are recognized only when it is probable that the deductible temporary differences can be utilized and lead to a reduction in future tax payments.

The cash flow statement

In preparing the cash flow analysis, the indirect method is used. In the application of the indirect method the net change in receipts and disbursements in operating activities is calculated by adjusting the net income for the change in operating assets and liabilities, items not included in cash and items included in cash flow for investing and financing activities. Cash equivalents in the cash flow statement is included in cash when the placements are short term only and is subject to an insignificant risk of changes in value.

Reporting by operating segment

Operating segments are reported in a manner consistent with the internal reporting provided to the CEO. The CEO is responsible for allocating resources and assessing the operating segments. The group has been identified this function as the CEO. The investment strategy is oriented towards a diversified fund portfolio so that the holdings in the funds be evaluated as a whole, the Group has only one operating segment.

Alternative performance measures

The definitions for Alternative performance measure such as equity ratio, net asset value, net cash/net debt and gross IRR performance measures are provided on page 15. These alternative performance measures are essential for the understanding and evaluation of NAXS's business.

Differences between the Group and Parent Company

The Parent Company follows the same accounting principles as the Group with the following exceptions.

Formats

The balance sheet and income statement of the Parent Company are established in accordance with what is stated in the Annual Accounting Act.

Shares in subsidiaries

Shares in subsidiaries are accounted for under the cost method.

Group contributions and shareholder contributions

Group contributions are reported in accordance with the main rule. Group contributions that the parent company receives from a subsidiary are recognized as financial income. Group contributions made by the parent company to a subsidiary are reported as an increase in participations in group companies. Group contributions that a subsidiary receives from the

parent company are recognized in the subsidiary in equity. Group contributions made by a subsidiary to the parent company are also recognised in equity.

Shareholder contributions made by the parent company are transferred directly to the equity of the recipient and capitalized in shares and participations with the donor, to the extent that impairment is not required.

Note 2. Important estimates and assessments

In the application of valuation principles, assumptions and estimates are made in relation to factors that are uncertain at the time the valuation. Changes in assumptions could have a significant effect on the financial statements of the periods when the assumptions change.

Private equity fund investments are valued at fair value. The Group applies its methods on a consistent basis between periods, but the fair value measurement always requires a significant degree of assessments. Private equity fund investments are valued at fair value according to the methods described on page 43. Private equity fund investments are valued under the fair value method at fair value through the profit and loss statement. All Private equity fund investments are unlisted. The funds follow the IPEV Valuation Guidelines when valuing their holdings. The International Private Equity and Venture Capital Valuation (IPEV) Guidelines set out recommendations, intended to represent the current best practice, on the valuation of Private Capital Investments. Private equity fund investments are valued based on the Company's portion of the value that the fund manager attributes to the fund's total holdings and is normally updated when the new valuation is obtained. The valuations that form the basis of the Private equity investments in NAXS annual report are made during the fourth quarter based on the information available at the time. If NAXS estimates that the fund manager has not sufficiently taken into account factors affecting the value of the underlying holdings, or if the valuation has been considered to differ materially from IFRS rules, NAXS proceeds to a valuation adjustment. Public holdings held by underlying funds are valued based on the holdings' share price at closing. At the end of the financial year, the Company did not adjust the fund managers' valuations to a significant extent.

The above-mentioned unlisted holdings constitute important sources of uncertainty in estimates at the end of the reporting period, which entail a significant risk of a material adjustment of the carrying amounts of assets and liabilities in the coming financial year.

The unlisted fund holdings are shown in Note 12 and amount to KSEK 503,103 (639,030).

The unlisted shares in other financial investments are shown in Note 13 and amount to KSEK 24,165 (18,468). These unlisted holdings have been valued according to the same principles as the unlisted fund holdings.

The expected outcome of uncertainty and the range of reasonably possible outcomes in the coming financial year with respect to the carrying amounts of the assets and liabilities concerned are presented in sensitivity analyses in Note 3 and Note 23. Changes in exchange rates by 10 percent affect the result by KSEK +/- 22,784 (+/-30,392) and changes in unobservable data by 10 percent affect the result by KSEK +/- 52,727 (+/-65,750).

Based on the controls that it applies, NAXS believes that the actual figures reported in the balance sheet and changes in fair value recognized in the income statement are thorough and balanced and reflect the underlying economic values. while at the same time recognizing that there are several factors that could adversely affect the valuation of the balance sheet and the fund holdings including but not limited to macroeconomic conditions, geopolitical

events, market liquidity, changes in interest rates, and other unforeseen developments that may impact the valuation of underlying assets and investments. Additionally, non-systemic risks, such as the potential for valuation assumptions or methodologies to be overly optimistic or misaligned with market realities, could also influence the reported values. Review of valuations of fund holding is also made by Naccess Partners AB which provide quarterly an annual review of the reports received from the respective fund managers including valuation.

Note 3. Risk exposure and risk management

The Company's business, financial condition and results could be impacted by a number of risk factors.

NAXS may without limitation, except as set forth below, invest in Private equity funds, which have one or more of the Nordic countries (Denmark, Finland, Norway and Sweden) as their investment focus.

NAXS may without limitation, except as set forth below, invest alongside Private equity funds and other alternative assets fund.

Up to forty percent of NAXS's net asset value may be invested in any securities or assets in any jurisdiction.

As the interest and therefore the competition for investment in private equity as an asset class increases, the number of investment opportunities with reasonable risk/return profile may decline.

Much of the Company's return on invested capital will depend on the respective underlying Private equity funds' ability and success to generate returns, which in turn is partly due to how skilful the fund managers and their portfolio companies' management teams are in implementing value-enhancing improvements in the portfolio companies. Furthermore, the returns largely depend on the valuation of portfolio companies at the time of the investment and divestment, respectively.

Private equity funds generally use leverage to finance their investments. In a situation where a portfolio company's profits do not reach an adequate level and where market interest rates rise, this may result in decreased and even negative returns for Private equity funds. Furthermore, market conditions that make it more difficult or expensive for Private equity funds to obtain loans to finance acquisitions may result in reduced returns compared with historical ones.

Private equity funds are dependent on their investors having money available when the funds request drawn downs for investments. Under turbulent market conditions, there is a risk that some investors cannot meet their obligations. This could affect the Company's ability to pursue its investment strategy and affect the underlying funds' and NAXS's returns.

The Investment Manager has been contracted by the NAXS Group to advise on the Group's investment activities, under an advisory agreement. If the principals of the Investment Manager cease to work for the Investment Manager, this could have negative consequences for the Company's development, performance and financial position.

NAXS is exposed to currency risks in the investments made in Private equity funds denominated in foreign currencies. No hedging is made on the Private equity fund investments.

NAXS is also exposed to the risks related to the general macro-economic environment, including but not limited to, armed conflicts, trade wars, tariffs, currency and interest rates.

Below is a description of financial risk exposure and risk management.

Financial risks

The main factors that help to limit the risks of NAXS activities are described below:

- Careful due diligence for new investments in Private equity funds
- Diversified portfolio
- Active management and monitoring and relying on the Investment Adviser's recommendations are the prerequisite for transparency in corporate development and thereby to identify risks.

The main financial risks that NAXS is exposed to are market risks, including interest rate risk and currency risk.

Price risks

In a large extent, the Company's return on invested capital will depend on the respective underlying Private equity fund's performance. NAXS has an investment strategy that results in a diversified portfolio of interests in ten Private equity funds and one special situations fund. Moreover, the returns depend on the valuation of the portfolio companies at investment and divestment.

In addition to Private equity fund investments, NAXS owned at year-end listed shares in Scout Gaming Group, Awilco Drilling, Jacktel, Keurig Dr Pepper, Krispy Kreme Doughnuts, JDE Peet's and Novonosis as well as unlisted shares in Pret Panera, Panera Brands and Reledo AB.

At the end of 2024, the carrying value of NAXS' holdings in private equity funds amounted to SEK 503 (639) million, which corresponds to 62 (69) percent of NAXS's equity. The capital is invested in 12 different active private equity funds whereof 2 are special situation funds, as well as in Other Investments in the form of listed shares and in three unlisted co-investments with funds and one unlisted share registered on an alternative list.

The total exposure to Private equity fund investments and Other Investments is shown below.

Amounts in KSEK	2024-12-31	2023-12-31
Private equity fund investments	503 103	639 030
Other Investments	102 548	75 001

Below are what the effect on the results of a currency change of 10% based on the investments at year-end.

Amounts in KSEK	2024	2023
Investments in Private equity funds	+/- 50 310	+/- 63 903
Other Investments	+/- 10 255	+/- 7 500

Interest rate risks

Private equity funds typically use high leverage to finance the investments in their target companies. In a situation where the target companies do not perform well and where market interest rates rise, this may lead to decreasing and even negative returns for Private equity funds.

Regarding excess liquidity, which is exposed to interest rate risk, the goal is to maximize returns within NAXS's established policy. In addition, a high flexibility is targeted in order to meet potential new needs for liquidity. The investments are made in interest-bearing securities with short maturity, which means that the interest rate duration is less than 12 months.

The total exposure to Cash and cash equivalents is shown below.

Amounts in KSEK	2024-12-31	2023-12-31
Cash and cash equivalents	203 600	209 226

Below are what the effect on the results of a change in interest of 1% based on the investments at year-end.

Amounts in KSEK	2024	2023
Cash and cash equivalents	+/- 2 036	+/- 2 092

Currency exchange rate risks

NAXS's operations are exposed to currency risk in the investments denominated in foreign currencies. No currency hedging is made in view of the long-term investment horizon.

The total currency exposure of the Private equity fund investments is shown below.

Total investments in foreign currency translated to SEK Amounts in KSEK	2024	2022
EUR	197 316	250 688
NOK	14 595	25 308
USD	15 927	27 922
	227 838	303 918

Below are what the effect on the results of a currency change of 10% based on the investments at year-end.

Amounts in KSEK	2024	2023
EUR	+/- 19 732	+/- 25 069
NOK	+/- 1 460	+/- 2 531
USD	+/- 1 593	+/- 2 792

As cash and cash equivalents in foreign currencies are exchanged into SEK when they are received, there is no currency risk in cash and cash equivalents.

Credit risk

Credit risk is the risk of a counterparty or issuer being unable to repay a liability to NAXS. NAXS is exposed to credit risk primarily through the placement of excess liquidity in interest-bearing securities. In order to minimize credit risk excess liquidity is invested in treasury bills and bank accounts with banks with high credit ratings.

The total exposure to Cash and cash equivalents is shown below.

Amounts in KSEK	2024-12-31	2023-12-31
Cash and cash equivalents	203 600	209 226

Below is the effect on results if the counterparty or issuer is unable to meet its commitments corresponding to 10% of cash and cash equivalents based on the balance sheet date's holdings.

Amounts in KSEK	2024	2023
Cash and cash equivalents	+/- 20 360	+/- 20 923

Commitment Risk

NAXS can make commitments up to 130 percent of equity. NAXS may without limitation, except as set forth below, invest in Private equity funds, which have one or more of the Nordic countries (Denmark, Finland, Norway and Sweden) as their investment focus.

NAXS may without limitation, except as set forth below, invest alongside Private equity funds and other alternative assets funds.

Up to 40 percent of NAXS's net asset value may be invested in any securities or assets in any jurisdiction.

Total exposure to Private equity funds at the end of 2024 amounted to 73 (79) percent of the equity. The remaining fund commitment at the year-end amounts to MSEK 86 (97).

Note 4. Changes in value

KSEK	Group	
	2024	2023
Value change on Private equity fund investments		
Unrealized exchange rate fluctuations	-83 577	10 407
	5 330	-7 300
	-78 247	3 107

Note 17. Equity

Group

Share capital in the Parent Company

The share capital amounted as of December 31, 2024, to SEK 750,000 divided into 11,077,585 shares. Each share has one vote. The quota is SEK 0,068 per share.

The number of outstanding shares in the company at the beginning and at the end of the financial year was 11,077,585.

Other contributed equity

Refers to equity contributed by shareholders. It also includes premiums paid in connection with new stock issues.

Retained earnings, including income for the year

Retained earnings, including income for the year, consist of accumulated income in the Parent Company and its subsidiaries.

Parent Company

Unrestricted equity

Share premium reserve

When shares are issued at a premium, that is, when the price to be paid for the shares exceeds the nominal value of the shares, an amount equivalent to the amount above the nominal value of the shares will be transferred out of the share premium reserve. The share premium reserve is recognized as unrestricted equity.

Unrestricted equity

Retained earnings

Retained earnings consist of the preceding year's unrestricted equity after any transfer to statutory reserve and after any dividend payment. Retained earnings, together with net income for year, comprise the total unrestricted equity in the Company, i.e. the funds available for the dividend to shareholders.

Distributions

The Board of Directors proposes to the Annual General Meeting a dividend for the fiscal year 2024, see the proposal for appropriation of earnings in note 24. In addition, the Board of Directors proposes to the Annual General Meeting to vote on a continued share repurchase mandate.

Disclosures for measurement at fair values in accordance with the fair value hierarchy

Level 1 - Quoted (unadjusted) prices in active markets for identical assets or liabilities

Level 2 - Other techniques for which all inputs that have a significant effect on the recorded fair value are observable, either directly or indirectly

Level 3 - Techniques which use inputs that are not based on observable data.

As of December 31, 2024, the Group held the following financial assets and liabilities measure at fair value:

Assets	Level 1	Level 2	Level 3	Total
<i>Financial assets at fair value through profit or loss</i>				
Private equity fund investments	-	-	503 103	503 103
Other Investments	78 383	-	24 165	102 548
	78 383	-	527 268	605 651

As of December 31, 2023, the Group held the following financial assets and liabilities measure at fair value:

Assets	Level 1	Level 2	Level 3	Total
<i>Financial assets at fair value through profit or loss</i>				
Private equity fund investments	-	-	639 030	639 030
Other Investments	56 533	-	18 468	75 001
	56 533	-	657 498	714 031

There are no significant liabilities that are valued at fair value.

In 2024, there was a transfer between levels of the fair value hierarchy from Private equity fund investments to Other Financial Investments when JAB Consumer Fund - GCB II distributed the shares in JDE Peet's N.V.

Fair value of financial instruments traded in an active market is based on quoted market prices at the balance sheet date. A market is considered active if quoted prices from an exchange, broker, industry group, pricing service or supervisory body is readily and regularly available and those prices represent actual and regularly occurring market transactions on arm's length. The quoted market price used for the Group's financial assets is the current bid price. These instruments can be found in level 1.

Fair value of financial instruments not traded in an active market is determined using valuation techniques. In this respect, public market information is used as much as possible when this is available while the company-specific information is used as little as possible. If all of the significant inputs needed for fair value measurement of an instrument are observable, the instrument is classified in level 2.

In cases where one or more of the significant inputs are not based on observable market data, the instrument is classified in level 3. NAXS's Private equity fund investments and three of the investments reported in Other Investments are classified in Level 3. The Company's specific valuation techniques and critical estimates are reported under accounting policies.

For those instruments in the balance sheet that are not measured at fair value, NAXS believe that the carrying amount is a reasonable approximation to fair value for these instruments.

Valuation techniques and significant unobservable input data for holdings belonging to level 3

Level 3 includes units in private equity funds and unlisted units included in Other Investments. The Company's holdings in private equity funds, which all are unlisted investment funds, are valued using an alternative valuation method for which observable inputs are not available. For private equity funds, this implies that valuations are based on prices and unit values received from the fund manager. The Private equity funds use the International Private Equity and Venture Capital (IPEV) Valuation Guidelines when valuing

their holdings. These international guidelines contain recommendations on the valuation of private equity investments that are intended to reflect the current best practices. The valuation therefore follows accepted valuation principles for calculating fair values. The fair value is calculated by the underlying assets being valued at the market and setting the price by the fund manager. If NAXS assesses that the fund manager's valuation has not sufficiently considered factors that affect the value of the underlying holdings, or if the valuation made is deemed to deviate materially from the accounting principles for fair valuation, an adjustment of the value is made. In case Private equity funds have listed holdings, these are valued based on the share price of the holdings on the balance sheet date.

Unlisted holdings in Other Investments consists of 3 co-investments in unlisted companies made together with Private equity funds. The fund managers manage these and value these holdings in the same way as described above for units in Private equity funds.

Based on the controls applied, NAXS considers that the fair values recognised in the balance sheet and changes in fair value recognised in the profit and loss account are well prepared and balanced and reflect the underlying economic values.

The sensitivity table below shows the effect on profit before tax in SEK million in the event of changes in unobservable data, defined as the net asset value (NAV rate), at a change of 10 percent.

Amounts in KSEK	Fair value	+/- 10 %
Private equity fund investments	503 103	+/- 50 310
Other Investments	24 165	+/- 2 417
	527 268	+/- 52 727

Underlying assumptions and assessments are made by the respective fund managers. To measure fair value, fund managers use data that is not observable in the market in their valuation techniques. Material unobservable data includes but is not limited to EBITDA and EBIT multiples (adjusted or unadjusted, based on budgeted/forward-looking EBITDA expectations and EBITDA and EBIT multiples for comparable listed companies for a corresponding period), discount rates, capitalization rates, share price/book value, and P/E ratio and enterprise value/sales multiples. Other factors which can affect the valuations are for example credit ratings as well the physical and geographical location of assets. A significant proportion of the investments are valued at EBITDA and EBIT multiples. The EBITDA and EBIT multiples used show a wide range. The underlying assumptions and interpretation of the data and other factors is made by the respective fund managers.

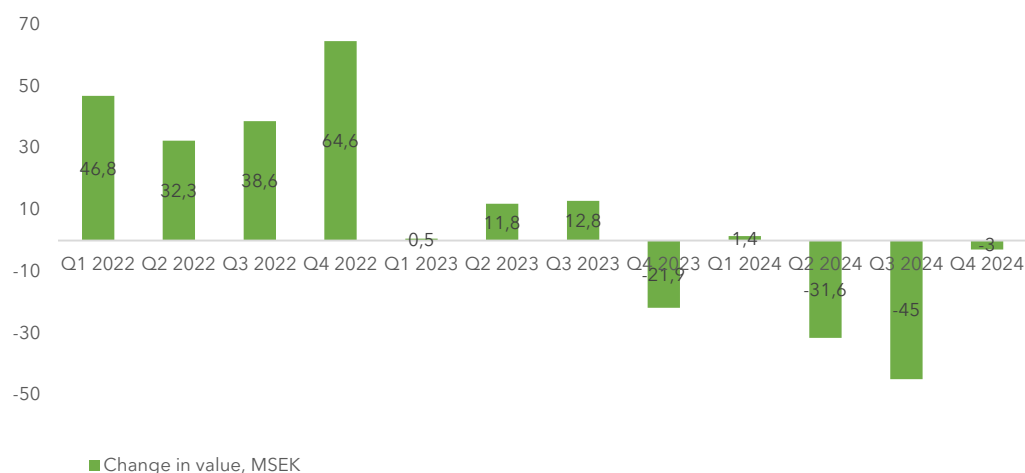

Although NAXS considers its fair value assessments to be reasonable, the application of different methodologies and unobservable data to the underlying investments in the private equity funds may lead to different fair value valuations. Due to the number of unobservable data used in the valuation of the investments and their broad spectrum, in particular in terms of profit multiples, a sensitivity analysis of underlying unobservable data factors does not yield any meaningful outcomes.

NAXS is of the view that diversified private equity investments theoretically provide good risk diversification. The private equity funds that NAXS has invested in have investments in different geographical areas and different industries. In addition, the private equity funds have different vintages, and each fund has several holdings in different companies that totalled 67 (66) at the end of the financial year. However, the NAXS portfolio may occasionally experience a certain concentration on one or more investments, depending on factors such

as the pace of investments, the size of commitments to private equity funds and the valuation evolution of the underlying investments.

Despite good theoretic risk diversification, changes in input data in the valuation of the private equity funds' investments affect the value of NAXS' Private equity fund investments, as shown below.

Change in value of NAXS Private equity investments by quarter, years 2022–2024.

The private equity funds that NAXS has invested in report in different currencies. Note 3 presents a sensitivity analysis of the company's currency risk.

The following table shows the changes of instruments at level 3 in 2024.

Valued at fair value	Funds	Other Investments	Summa
Opening balance	639 030	18 468	657 498
Investments	51 336	-	51 336
Distributions/divestments	-109 016	382	-108 634
Gains and losses recognized in profit or loss	-78 247	5 315	-72 932
Closing balance	503 103	24 165	527 268

The following table shows the changes of instruments at level 3 in 2023.

Valued at fair value	Funds	Other Investments	Summa
Opening balance	687 989	2 269	690 258
Investments	65 953	16 118	82 071
Distributions/divestments	-118 019	-177	-118 196
Gains and losses recognized in profit or loss	3 107	258	3 365
Closing balance	639 030	18 468	657 498

Note 24. Proposal for appropriation of earnings

At the disposal of the Annual General Meeting are the following amounts in SEK:

Share premium reserve	577 705 947
Retained earnings	-95 415 123
Net profit for the year	33 985 086
Total	516 275 910

The Board of Directors and the CEO proposes that available earnings to be appropriated as follows:

Dividend*	47 079 736
To be carried forward	469 196 174
Total	516 275 910

* SEK 4.25 per share

In addition, the Board of Directors proposes to the Annual General Meeting to vote on a continued share repurchase mandate to repurchase own shares to the extent that the Company's holding of its own shares, on any occasion, does not exceed 10% of all shares in the Company.

Note 25. Events after the year-end

No significant events have occurred after the end of the fiscal year.

The Board of Directors' certification

The consolidated financial statements have been prepared in accordance with the International Financial Reporting Standards (IFRS Accounting Standards) as adopted by the EU and give a true and fair view of the Group's financial position, results of operations and cash flow. The Parent Company's annual accounts have been prepared in accordance with the Annual Accounts Act and generally accepted accounting principles in Sweden and give a true and fair view of the Parent Company's financial position, results of operations and cash flow. The Board of Directors' Report gives a true and fair view of the development of the Group's and the Parent Company's operations, financial position and results and describes the significant risks and uncertainties faced by the Parent Company and the companies included in the Group.

Auditor's report

To the general meeting of the shareholders of NAXS AB (publ), corporate identity number 556712-2972

Report on the annual accounts and consolidated accounts

Opinions

We have audited the annual accounts and consolidated accounts of NAXS AB (publ) except for the corporate governance statement on pages 19-28 for the year 2024. The annual accounts and consolidated accounts of the company are included on pages 19-65 in this document.

In our opinion, the annual accounts have been prepared in accordance with the Annual Accounts Act and present fairly, in all material respects, the financial position of the parent company as of 31 December 2024 and its financial performance and cash flow for the year then ended in accordance with the Annual Accounts Act. The consolidated accounts have been prepared in accordance with the Annual Accounts Act and present fairly, in all material respects, the financial position of the group as of 31 December 2024 and their financial performance and cash flow for the year then ended in accordance with International Financial Reporting Standards (IFRS), as adopted by the EU, and the Annual Accounts Act. Our opinions do not cover the corporate governance statement on pages 19-28. The statutory administration report is consistent with the other parts of the annual accounts and consolidated accounts.

We therefore recommend that the general meeting of shareholders adopts the income statement and balance sheet for the parent company and the group.

Our opinions in this report on the annual accounts and consolidated accounts are consistent with the content of the additional report that has been submitted to the parent company's audit committee in accordance with the Audit Regulation (537/2014) Article 11.

Basis for Opinions

We conducted our audit in accordance with International Standards on Auditing (ISA) and generally accepted auditing standards in Sweden. Our responsibilities under those standards are further described in the Auditor's Responsibilities section. We are independent of the parent company and the group in accordance with professional ethics for accountants in Sweden and have otherwise fulfilled our ethical responsibilities in accordance with these requirements. This includes that, based on the best of our knowledge and belief, no prohibited services referred to in the Audit Regulation (537/2014) Article 5.1 have been provided to the audited company or, where applicable, its parent company or its controlled companies within the EU.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinions.

Key Audit Matters

Key audit matters of the audit are those matters that, in our professional judgment, were of most significance in our audit of the annual accounts and consolidated accounts of the current period. These matters were addressed in the context of our audit of, and in forming our opinion thereon, the annual accounts and consolidated accounts as a whole, but we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying financial statements.

Valuation of fund units and other financial investments at fair value in level 3

Description of the area

Fund units measured at fair value in level 3 amount to SEK 503 million in the consolidated balance sheet and other financial investments measured at fair value in level 3 amount to SEK 24 million in the consolidated balance sheet.

The company's valuation of fund units at fair value in level 3 has been considered to be a particularly significant area due to the fact that the amounts are material for the financial reporting as a whole and that the valuation is associated with assessments. In accordance with the applicable accounting framework, financial instruments at fair value shall be divided into fair value hierarchies (levels 1, 2 and 3). Level 3 consists of assets where there is no directly or indirectly observable input. The company's fund units are reported in level 3.

For level 3 fund units, fair values are determined using reporting by external managers. If the company deems that the fund administrator's valuation has not sufficiently taken into account factors that affect the value of the underlying or if the valuation made is deemed to deviate significantly from fair value, an adjustment is made to the value.

The accounting principles are presented in Note 1, estimates and assessments are presented in Note 2 and Note 12 "Fund units in private equity funds" provide information on revaluations, and in Note 23 "Financial assets and liabilities" the principles for fair value and the classification in levels and principles for this are stated.

How this area was taken into account in the audit

In our audit, we have evaluated NAXS process for valuation of fund units and other financial investments. We have further reviewed the recorded values to the fund administrators' valuation and any adjustments made by the company. We have also reviewed disclosures provided in the financial statements regarding fund units and other financial instruments.

Other Information than the annual accounts and consolidated accounts

This document also contains other information than the annual accounts and consolidated accounts and is found on pages 1-18. The other information also includes the remuneration report and were obtained before the date of this auditor's report. The Board of Directors and the Managing Director are responsible for this other information.

Our opinion on the annual accounts and consolidated accounts does not cover this other information and we do not express any form of assurance conclusion regarding this other information.

In connection with our audit of the annual accounts and consolidated accounts, our responsibility is to read the information identified above and consider whether the information is materially inconsistent with the annual accounts and consolidated accounts. In this procedure we also take into account our knowledge otherwise obtained in the audit and assess whether the information otherwise appears to be materially misstated.

If we, based on the work performed concerning this information, conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Board of Directors and the Managing Director

The Board of Directors and the Managing Director are responsible for the preparation of the annual accounts and consolidated accounts and that they give a fair presentation in accordance with the Annual Accounts Act and, concerning the consolidated accounts, in accordance with IFRS as adopted by the EU. The Board of Directors and the Managing Director are also responsible for such internal control as they determine is necessary to enable the preparation of annual accounts and consolidated accounts that are free from material misstatement, whether due to fraud or error.

In preparing the annual accounts and consolidated accounts, The Board of Directors and the Managing Director are responsible for the assessment of the company's and the group's ability to continue as a going concern. They disclose, as applicable, matters related to going concern and using the going concern basis of accounting. The going concern basis of accounting is however not applied if the Board of Directors and the Managing Director intends to liquidate the company, to cease operations, or has no realistic alternative but to do so.

Auditor's responsibility

Our objectives are to obtain reasonable assurance about whether the annual accounts and consolidated accounts as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and generally accepted auditing standards in Sweden will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these annual accounts and consolidated accounts.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- ▶ Identify and assess the risks of material misstatement of the annual accounts and consolidated accounts, whether

due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinions. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- ▶ Obtain an understanding of the company's internal control relevant to our audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- ▶ Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors and the Managing Director.
- ▶ Conclude on the appropriateness of the Board of Directors' and the Managing Director's use of the going concern basis of accounting in preparing the annual accounts and consolidated accounts. We also draw a conclusion, based on the audit evidence obtained, as to whether any material uncertainty exists related to events or conditions that may cast significant doubt on the company's and the group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the annual accounts and consolidated accounts or, if such disclosures are inadequate, to modify our opinion about the annual accounts and consolidated accounts. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause a company and a group to cease to continue as a going concern.
- ▶ Evaluate the overall presentation, structure and content of the annual accounts and consolidated accounts, including the disclosures, and whether the annual accounts and consolidated accounts represent the underlying transactions and events in a manner that achieves fair presentation.
- ▶ Plan and perform the group audit to obtain sufficient and appropriate audit evidence regarding the financial information of the entities or business units within the group as a basis for forming an opinion on the consolidated accounts. We are responsible for the direction, supervision and review of the audit work performed for purposes of the group audit. We remain solely responsible for our opinions.

We must inform the Board of Directors of, among other matters, the planned scope and timing of the audit. We must also inform of significant audit findings during our audit, including any significant deficiencies in internal control that we identified.

We must also provide the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or related safeguards applied.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the annual accounts and consolidated accounts, including the most important assessed risks for material misstatement, and are therefore the key audit matters. We describe these matters in the auditor's report unless law or regulation precludes disclosure about the matter.

Report on other legal and regulatory requirements

Report on the audit of the administration and the proposed appropriations of the company's profit or loss

Opinions

In addition to our audit of the annual accounts and consolidated accounts, we have also audited the administration of the Board of Directors and the Managing Director of NAXS AB (publ) for the year 2024 and the proposed appropriations of the company's profit or loss.

We recommend to the general meeting of shareholders that the profit be appropriated in accordance with the proposal in the statutory administration report and that the members of the Board of Directors and the Managing Director be discharged from liability for the financial year.

Basis for opinions

We conducted the audit in accordance with generally accepted auditing standards in Sweden. Our responsibilities under those standards are further described in the *Auditor's Responsibilities* section. We are independent of the parent company and the group in accordance with professional ethics for accountants in Sweden and have otherwise fulfilled our ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinions.

Responsibilities of the Board of Directors and the Managing Director

The Board of Directors is responsible for the proposal for appropriations of the company's profit or loss. At the proposal of a dividend, this includes an assessment of whether the dividend is justifiable considering the requirements which the company's and the group's type of operations, size and risks place on the size of the parent company's and the group's equity, consolidation requirements, liquidity and position in general.

The Board of Directors is responsible for the company's organization and the administration of the company's affairs. This includes among other things continuous assessment of the company's and the group's financial situation and ensuring that the company's organization is designed so that the accounting, management of assets and the company's financial affairs otherwise are controlled in a reassuring manner. The Managing Director shall manage the ongoing administration according to the Board of Directors' guidelines and instructions and among other matters take measures that are necessary to fulfill the company's accounting in accordance with law and handle the management of assets in a reassuring manner.

Auditor's responsibility

Our objective concerning the audit of the administration, and thereby our opinion about discharge from liability, is to obtain audit evidence to assess with a reasonable degree of assurance whether any member of the Board of Directors or the Managing Director in any material respect:

- ▶ has undertaken any action or been guilty of any omission which can give rise to liability to the company, or
- ▶ in any other way has acted in contravention of the Companies Act, the Annual Accounts Act or the Articles of Association.

Our objective concerning the audit of the proposed appropriations of the company's profit or loss, and thereby our opinion about this, is to assess with reasonable degree of assurance whether the proposal is in accordance with the Companies Act.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with generally accepted auditing standards in Sweden will always detect actions or omissions that can give rise to liability to the company, or that the proposed appropriations of the company's profit or loss are not in accordance with the Companies Act.

As part of an audit in accordance with generally accepted auditing standards in Sweden, we exercise professional judgment and maintain professional skepticism throughout the audit. The examination of the administration and the proposed appropriations of the company's profit or loss is based primarily on the audit of the accounts. Additional audit procedures performed are based on our professional judgment with starting point in risk and materiality. This means that we focus the examination on such actions, areas and relationships that are material for the operations and where deviations and violations would have particular importance for the company's situation. We examine and test decisions undertaken, support for decisions, actions taken and other circumstances that are relevant to our opinion concerning discharge from liability. As a basis for our opinion on the Board of Directors' proposed appropriations of the company's profit or loss we examined the Board of Directors' reasoned statement and a selection of supporting evidence in order to be able to assess whether the proposal is in accordance with the Companies Act.

The auditor's examination of the ESEF report

Opinion

In addition to our audit of the annual accounts and consolidated accounts, we have also examined that the Board of Directors and the Managing Director have prepared the annual accounts and consolidated accounts in a format that enables uniform electronic reporting (the ESEF report) pursuant to Chapter 16, Section 4(a) of the Swedish Securities Market Act (2007:528) for NAXS AB (publ) for the financial year 2024.

Our examination and our opinion relate only to the statutory requirements.

In our opinion, the ESEF report has been prepared in a format that, in all material respects, enables uniform electronic reporting.

Basis for opinion

We have performed the examination in accordance with FAR's recommendation RevR 18 *Examination of the ESEF report*. Our responsibility under this recommendation is described in more detail in the *Auditors' responsibility* section. We are independent of NAXS AB (publ) in accordance with professional ethics for accountants in Sweden and have otherwise fulfilled our ethical responsibilities in accordance with these requirements.

We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of the Board of Directors and the Managing Director

The Board of Directors and the Managing Director are responsible for the preparation of the ESEF report in accordance with Chapter 16, Section 4(a) of the Swedish Securities Market Act (2007:528), and for such internal control that the Board of Directors and the Managing Director determine is necessary to prepare the ESEF report without material misstatements, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to obtain reasonable assurance whether the ESEF report is in all material respects prepared in a format that meets the requirements of Chapter 16, Section 4(a) of the Swedish Securities Market Act (2007:528), based on the procedures performed.

RevR 18 requires us to plan and execute procedures to achieve reasonable assurance that the ESEF report is prepared in a format that meets these requirements.

Reasonable assurance is a high level of assurance, but it is not a guarantee that an engagement carried out according to RevR 18 and generally accepted auditing standards in Sweden will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the ESEF report.

The audit firm applies ISQM 1 *Quality Management for Firms that Perform Audits or Reviews of Financial Statements, or other Assurance or Related Services Engagements* which requires the firm to design, implement and operate a system of quality management, including policies and procedures regarding compliance with professional ethical requirements, professional standards and applicable legal and regulatory requirements.

The examination involves obtaining evidence, through various procedures, that the ESEF report has been prepared in a format that enables uniform electronic reporting of the annual and consolidated accounts. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement in the report, whether due to fraud or error. In carrying out this risk assessment, and in order to design audit procedures that are appropriate in the circumstances, the auditor considers those elements of internal control that are relevant to the preparation of the ESEF report by the Board of Directors and the Managing Director, but not for the purpose of expressing an opinion on the effectiveness of those internal controls. The examination also includes an evaluation of the appropriateness and reasonableness of assumptions made by the Board of Directors and the Managing Director.

The procedures mainly include a validation that the ESEF report has been prepared in a valid XHTML format and a reconciliation of the ESEF report with the audited annual accounts and consolidated accounts.

Furthermore, the procedures also include an assessment of whether the consolidated statement of financial performance, financial position, changes in equity, cash flow and disclosures in the ESEF report have been marked with iXBRL in accordance with what follows from the ESEF regulation.

The auditor's examination of the corporate governance statement

The Board of Directors is responsible for that the corporate governance statement on pages 19-28 has been prepared in accordance with the Annual Accounts Act.

Our examination of the corporate governance statement is conducted in accordance with FAR's standard RevR 16 *The auditor's examination of the corporate governance statement*. This means that our examination of the corporate governance statement is different and substantially less in scope than an audit conducted in accordance with International Standards on Auditing and generally accepted auditing standards in Sweden. We believe that the examination has provided us with sufficient basis for our opinions.

A corporate governance statement has been prepared. Disclosures in accordance with chapter 6 section 6 the second paragraph points 2-6 of the Annual Accounts Act and chapter 7 section 31 the second paragraph the same law are consistent with the other parts of the annual accounts and consolidated accounts and are in accordance with the Annual Accounts Act.

Ernst & Young AB was appointed auditor of NAXS AB (publ) by the general meeting of the shareholders on 4 April 2024 and has been the company's auditor since 28 February 2010.
