

PRESS RELEASE

Lund, Sweden, September 29, 2026

Spago Nanomedical to participate in several international industry conferences during autumn 2026

Spago Nanomedical AB (publ) today announces that the company will participate in five international conferences during autumn 2026, spanning nuclear medicine, radionuclide therapy and life science. The conferences include both scientific meetings and business development- and investor-oriented events, providing Spago Nanomedical with an opportunity to follow the latest developments in the field and engage with researchers, potential partners and investors.

European Association of Nuclear Medicine (EANM) – Annual Congress 2026

The EANM Annual Congress is Europe's leading meeting in nuclear medicine, molecular imaging and theranostics, expected to draw more than 9,000 participants from around the world. The congress highlights the latest advances in diagnostics and personalised cancer care, with a particular focus on oncology and radionuclide therapy.

Type: Scientific conference

Date: 17–21 October 2026

Location: Austria Center Vienna, Vienna, Austria

Website: <https://eanm26.eanm.org/>

AusBiotech International Conference 2026

The AusBiotech International Conference is one of the leading life science gatherings in the Asia-Pacific region, bringing together companies, investors and researchers from more than 20 countries to discuss partnerships, funding and innovation in biotech and medtech.

Type: Business development & investors

Date: 21–23 October 2026

Location: Gold Coast Convention & Exhibition Centre, Gold Coast, Australia

Website: <https://ausbiotechic.com/>

BIO-Europe 2026

BIO-Europe is Europe's largest partnering conference for the biotech and pharmaceutical industry, gathering more than 8,000 delegates from over 3,200 companies across some 60 countries. The conference is a key meeting place for partnerships, licensing deals and investments in life science.

Type: Business development & investors

Date: 9–11 November 2026

Location: Koelnmesse, Cologne, Germany

Swedish Cancer Society's Planning Group for Oncological Radionuclide Therapy

The meeting is a Swedish scientific gathering convened by the Swedish Cancer Society (Cancerfonden), focused on the development of oncological radionuclide therapy in Sweden, bringing together researchers and clinicians from the country's university hospitals to discuss ongoing studies and future collaborations in the field.

Type: Scientific conference

Date: 26–27 November 2026

Location: Lund, Sweden

Website: <https://www.cancerfonden.se/>

Targeted Radiopharmaceuticals (TRP) Summit Europe 2026

The TRP Summit Europe is an international forum for radioligand therapy, covering the full development chain from early research and clinical translation to manufacturing, regulatory requirements and commercialisation. The conference gathers more than 200 senior decision-makers and around 50 speakers, including representatives from Novartis, Bayer, AstraZeneca and J&J.

Type: Scientific conference

Date: 1–3 December 2026

Location: Renaissance London Heathrow Hotel, London, United Kingdom
