Impero A/S announces preliminary key SaaS metrics for Q2 2026

Company Announcement No. 20-2026

Copenhagen, 2 July 2026

Preliminary Annual Recurring Revenue (ARR) reached DKK 50.6M by the end of Q2 2026, corresponding to an ARR growth rate of 24% year-over-year and a net new ARR increase of DKK 2.3M in the quarter. Preliminary Net Revenue Retention (NRR) was 107% by the end of Q2 2026 (12 months rolling), driven by a 10% net uplift from existing customers and a churn rate of 3%.

"During the quarter, we welcomed 9 new customers, including major enterprise wins. We ended Q2 2026 on a strong note, increasing our preliminary ARR growth rate year-over-year to 24%, driven by both existing and new customers and positively influenced by a favorable comparison base. The comparison base for ARR growth becomes tougher in the second half of the year, as growth accelerated in the latter part of 2025", says Rikke Stampe Skov, CEO of Impero A/S.

Impero maintains its previously communicated expectations for 2026.

The H1 2026 report is scheduled to be published on 28 August 2026.
