Impero A/S signs agreement with new major family-owned German enterprise customer

Investor News No. 7-2026

Copenhagen, 30 June 2026

Impero is proud to announce a new customer agreement with a major family-owned German company with more than 80,000 employees across its international operations. The company has signed a three-year subscription contract, effective today, meaning that ARR from the new contract will be included in Q2 2026.

Impero's platform will be deployed to establish a Tax Compliance Management System (Tax CMS), providing a structured, transparent, and scalable platform for managing tax compliance.

"*We are proud to welcome another global enterprise customer headquartered in Germany, reinforcing our momentum in the DACH region. Furthermore, it underlines the strong demand for structured compliance management software among large and complex organizations in the region regardless of their ownership*", says CEO Rikke Stampe Skov of Impero A/S.

In accordance with Impero's communication policy, the signed agreement is announced as an investor news because the signed agreement has an ARR above Impero's latest reported Average ARR Per Account (ARPA). The agreement does not change the company's financial guidance for 2026.
