

LATVENERGO CONSOLIDATED UNAUDITED CONDENSED FINANCIAL STATEMENTS FOR 2020

26.02.2021, Riga

Disclaimer

This presentation and any materials distributed or made available in connection herewith (collectively, the "presentation") have been prepared by Latvenergo AS (the "Company") solely for your use and benefit for information purposes only. By accessing, downloading, reading or otherwise making available to yourself any content of the presentation, in whole or in part, you hereby agree to be bound by the following limitations and accept the terms and conditions as set out below.

You are only authorized to view, print and retain a copy of the presentation solely for your own use. No information contained in the presentation may be copied, photocopied, duplicated, reproduced, passed on, redistributed, published, exhibited or the contents otherwise divulged, released or disseminated, directly or indirectly, in whole or in part, in any form by any means and for any purpose to any other person than your directors, officers, employees or those persons retained to advise you, who agree to be bound by the limitations set out herein.

The presentation does not constitute or form part of, and should not be construed as, an offer, solicitation or invitation to subscribe for, underwrite or otherwise acquire, any securities of the Company or any member of its group nor should it or any part of it form the basis of, or be relied on in connection with, any contract to purchase or subscribe for any securities of the Company or any member of its group, nor shall it or any part of it form the basis of or be relied on in connection with any contract or commitment whatsoever. Any person considering the purchase of any securities of the Company must inform himself or herself independently before taking any investment decision. The presentation has been provided to you solely for your information and background and is subject to amendment. Further, the information in this presentation has been compiled based on information from a number of sources and reflects prevailing conditions as of its date, which are subject to change.

The information contained in this presentation has not been independently verified. The following consolidated financial statements are unaudited and no auditor has opined that these unaudited financial statements present fairly, in all material respects, the financial position and the results of operations of the Company for the period reported in accordance with generally accepted accounting principles. Therefore, once audited by an independent auditor, the audited financial statements of the Company may differ from the unaudited financial statements presented. However, the Company has prepared the unaudited financial statements on the same basis as its audited financial statements, and in the opinion of the Company's management, the unaudited financial statements include all adjustments that the Company considers necessary for a fair presentation of its financial position and results of operations for the period presented.

Information about the financial indicators and coefficients used by the Latvenergo Group is available in Latvenergo Group's consolidated and Latvenergo AS Unaudited Annual Financial statements, see the section "Formulas".

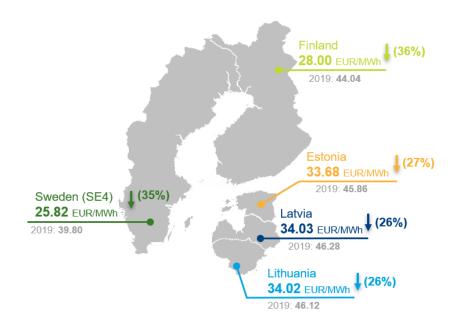

The information in this presentation is subject to verification, completion and change without notice and the Company is not under any obligation to update or keep current the information contained herein. Accordingly, no representation or warranty, express or implied, is made or given by or on behalf of the Company or any of its respective members, directors, officers or employees or any other person as to the accuracy, completeness or fairness of the information or opinions contained in this presentation, and any reliance you place on such information or opinions will be at your sole risk. Neither the Company nor any of its respective members, directors, officers or employees nor any other person accepts any liability whatsoever for any loss howsoever arising from any use of this presentation or its contents or otherwise arising in connection therewith.

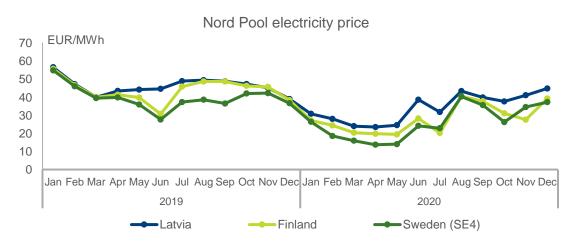

This presentation includes "forward-looking statements," which include all statements other than statements of historical facts, including, without limitation, any statements preceded by, followed by or that include the words "targets," "believes," "expects," "aims," "intends," "will," "may," "anticipates," "would," "plans," "could" or similar expressions or the negative thereof. Such forward-looking statements involve known and unknown risks, uncertainties and other important factors beyond the Company's control that could cause the actual results, performance or achievements of the Company to be materially different from future results, performance or achievements expressed or implied by such forward-looking statements. Such forward-looking statements are based on numerous assumptions regarding the Company's present and future business strategies and the environment in which the Company will operate in the future. By their nature, forward-looking statements involve risks and uncertainties because they relate to events and depend on circumstances that may or may not occur in the future. Accordingly, any reliance you place on such forward-looking statements will be at your sole risk. These forward-looking statements speak only as at the date as of which they are made. Past performance of the Company cannot be relied on as a guide to future performance. No statement in this presentation is intended to be a profit forecast.

This presentation is not directed to, or intended for distribution to or use by, any person or entity that is a citizen or resident or located in any locality, state, country or other jurisdiction where such distribution, publication, availability or use would be contrary to law or regulation or which would require any registration or licensing within such jurisdiction.

Lower electricity prices

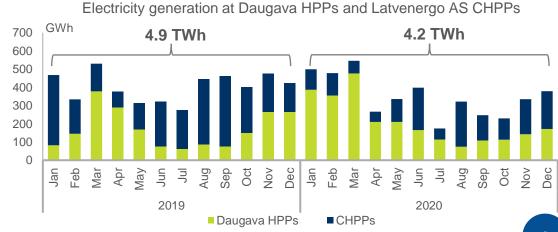

Main facts – 2020

- Electricity prices were influenced by:
 - improvement of the Nordic hydrobalance
 - lower demand due to warmer weather and COVID-19
- The average natural gas price (Front Month) decreased by 35%, reaching 9.7 EUR/MWh at GASPOOL trading zone and 9.5 EUR/MWh at the TTF trading zone

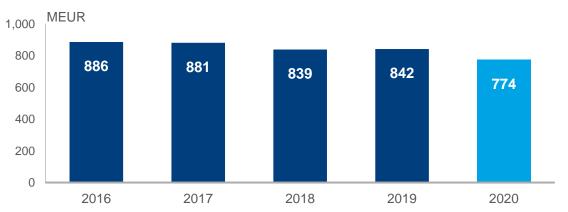

23% higher electricity output at Daugava HPPs

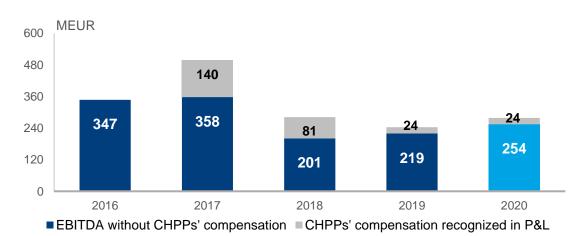

Key financial figures

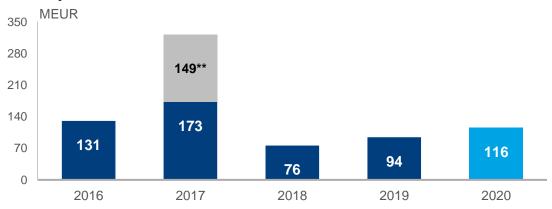

Revenue*

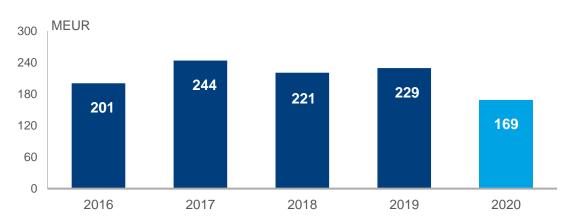

EBITDA*

Net profit

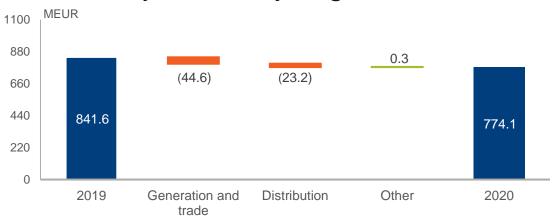

Investments

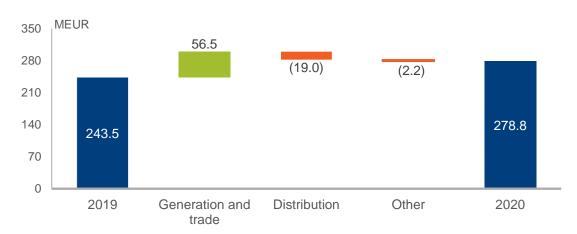

Latvenergo Group's EBITDA increased by 14%

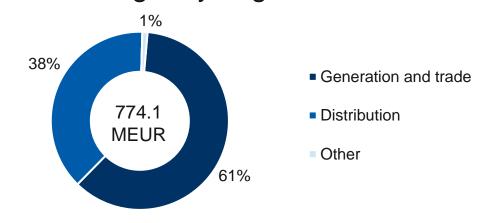

Revenue dynamics by segments

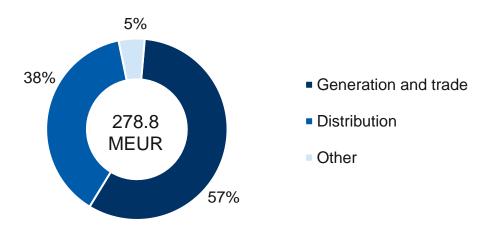

EBITDA dynamics by segments

Revenue weight by segments

EBITDA weight by segments

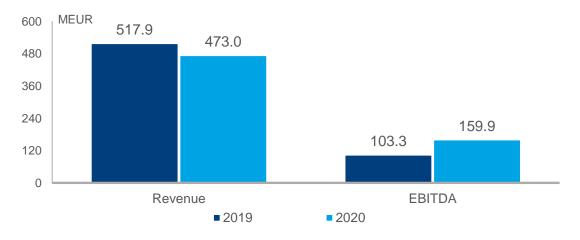

Generation and trade

Revenue and EBITDA

- The segment's revenue was negatively impacted by:
 - lower electricity market prices
 - 13 % lower electricity generation
 - 2.4% lower electricity consumption in the Baltics due to warmer weather and COVID-19
 - 8% lower heat output due to warmer weather and lower electricity market prices
- The segment's EBITDA was positively impacted by:
 - lower electricity purchase prices
 - 23% higher electricity output at the Daugava HPPs
- Latvenergo Group operates in all energy trade segments in Latvia, Lithuania and Estonia
- As of 1 January 2021, the average PSO fee is reduced by 23% – 17,51 EUR/MWh

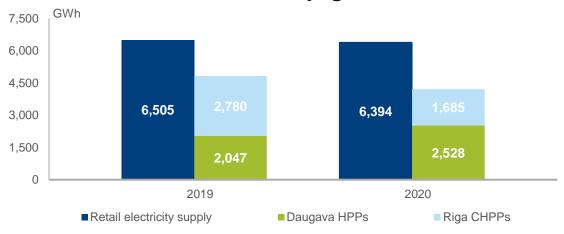

Energy generation

4,249 GWh of electricity generated

- Latvenergo the largest electricity producer in the Baltics, producing 29% of the total electricity generated in the Baltics. 60% produced from renewable energy sources
- Power generation at the Daugavas HPPs was 23% higher due to atypically low water inflow in 2019
- Total amount of electricity generated at Latvenergo power plants corresponds to 66% of the amount of electricity sold to retail customers (2019: 75%)
- Power generation at the Latvenergo AS CHPPs decreased by 39%, adjusting their operation to the conditions of the electricity market and heat demand
- The amount of thermal energy generated decreased by 8% due to warmer weather conditions and lower electricity market prices, reaching 1,702 GWh

Trade of electricity and natural gas

Retail electricity supply*

Main facts – 2020

6.4 TWh of electricity sold to retail customers

The amount of natural gas used for both operating consumption and trade reached 5.1 TWh

600 contracts were concluded for the installation of solar panels.

At the end of December, the total number of *Elektrum* Insured customers reached almost 100,000

6,000 units sold in the Elektrum e-shop

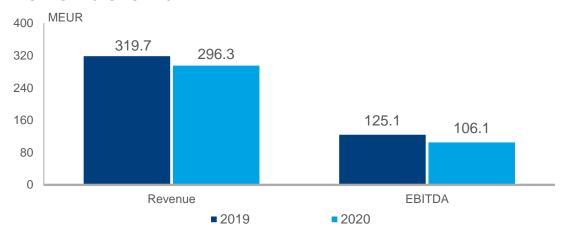

Extended electric vehicle charging network of up to 36 ports. Since the opening of the electric vehicle charging network, customers of the mobile application *Elektrum* made more than 8,000 charges

Distribution

Revenue and EBITDA

- Sadales tīkls AS is an example of good practice for customer service solutions in Europe.
- The efficiency programme contributed to a 5.5% reduction in the average distribution system service tariff as of 1 January 2020:
 - Within the framework of the efficiency programme, the number of employees at Sadales tīkls AS will be reduced by around 800 (31.12.2020: ~650)
 - Smart electricity meters installed in the company exceeded 850 thousand, which is approximately 3/4 of the total electricity meters
- Electricity distributed: 6,286 GWh (2019: 6,532 GWh)
- Results of the segment were impacted by:
 - 4% lower amount of distributed electricity due to warmer weather conditions and COVID-19
 - reduction of the average electricity distribution service tariff
- Investments in distribution assets: 87.3 MEUR (2019: 95.1 MEUR)
- The value of distribution assets is 1,803.1 MEUR (31.12.2019: 1,681.4 MEUR)

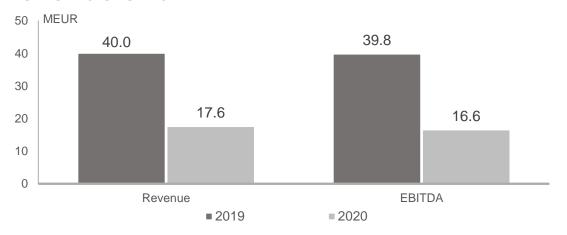

Transmission system asset leasing

Revenue and EBITDA

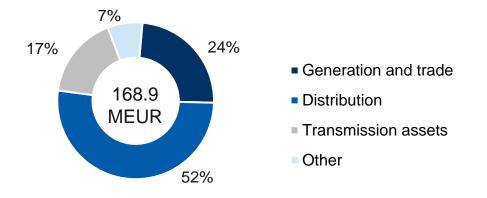

- As of 10 June 2020, transmission system assets (694.3 MEUR) were separated from the Latvenergo Group:
 - All the shares of LET (222.7 MEUR) were transferred to the Ministry of Economics
 - All LET liabilities were also transferred, incl. loans of 225 MEUR
 - On 9 July 2020, it was decided to increase the share capital of Latvenergo AS by EUR 178.1 million by investing retained earnings from previous years
 - The operations of the transmission segment are reported as discontinuing operations
- Investments in transmission system assets: 28.9 MEUR (2019: 87.4 MEUR)
- Segment's revenue was calculated in accordance with the methodology approved by the Public Utilities Commission

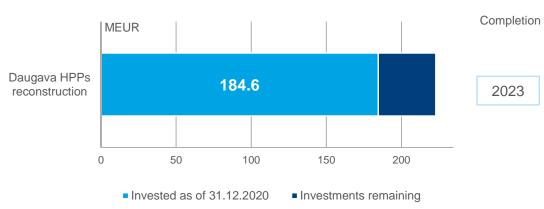

Investments

Investment in network assets – 2/3 of the total

 Investments in network assets allows to improve the quality of the power network services and technical parameters

Major investment project

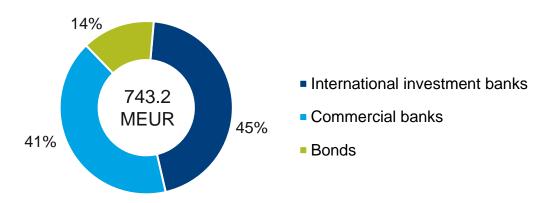

The reconstruction will provide for further 40-year operation of hydropower units

Funding and Liquidity

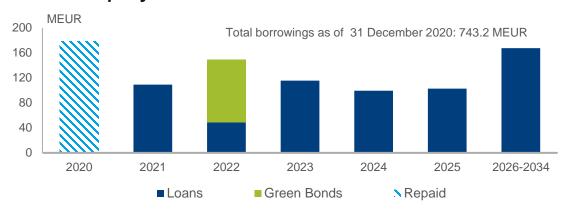

Diversified sources of funding

Main facts – 2020

- Latvenergo group again receives the award for Best Investor Relations on the Bond Market
- On 11 February 2021 Moody's completed a periodic review of the credit rating of Latvenergo AS: Baa2 (stable)
- Latvenergo AS will issue green bonds up to 200 MEUR
- At the end of the reporting, the outstanding amount of green bonds reached 100 MEUR

Debt repayment schedule
